WILKINS UNABLE AS YET TO MAKE START OF POLE FLIGHT

Clown Election For Illinois, Says Col. Will

(Special To The News)

INDIANAPOLIS, Ind., April 6.—Illinois is faced with another one of its clown elections. There is a woman running over there for congress that Alice Longworth told me one time had the keenest political mind of any one in Washington, and was the most able woman that could possibly enter politics. It's Mrs. McCormack. Now if you elect her she will be seated. And when she is, she will be heard from. She is not like other women that go into politics who gets up and tells you about the "woman's angle." She tells you about the people's angle. When you women enter a man's game, there is only one angle. Yours for information on real candidates.

WILL ROGERS.

PA NEWC OBSERVES

Thursday night seemed to have been selected as a favorite for burning off weeds and high grass on unimproved property in the city and on country plots. Many small fires of this nature were to be noted about the city and surrounding countryside.

Suggestion that New Castle residents start the clean-up of their premises earlier than usual this year is being followed in a most encouraging manner. At large numbers of properties lawns were being fixed up, rubbish cleared away, and other work being done to make the premises more attractive this spring and summer.

Some planting is already being done by persons who expect to raise flowers in their home gardens this summer.

While New Castle street department has a never ending task in getting the streets in condition for the summer, some good work is being done. Dirt streets are being fixed up, and holes that developed in paved streets during the winter are being fixed, in various sections of the city.

Lawrence county court house attaches have reached the banker stage for observing holidays. They closed up most of the offices and took a holiday today—Good Friday.

While notices of school and city tax assessments for the present year are just now being delivered by the letter carriers, a proportion of the tax payers are already visiting the office of the city treasurer and settling up accounts for the year. There are always some tax payers who are exceptionally prompt in meeting their city obligations.

With the big Pennsylvania Engineering Works increasing operations and with assurance of steady operation for some months to come, another big stride is made in New Castle's industrial parade to prosperity, and the outlook for this city is exceptionally good.

Spring building is getting under way in the North Hill section at least. Many new homes are springing up, and before the summer is over there will have been added quite a sizeable addition to the city's homes in that district.

Judge Florence Allen's friends, who were boosting her for the appointment as Ohio senator to fill the vacancy caused by the death of Senator Willis, evidently lost out. Announcement is made today that Governor Donahey has named Cyrus Locher, of Cleveland, Ohio, to fill the vacancy.

Announcement is made that an early inspection is to be made of all road-side stands in this district, by the state health department representatives. Especial attention is to be given to the matter of cleanliness and methods of cleaning cooking utensils used.

Fishermen of all ages are beginning to long for the feel of a rod. But the younger followers of the gentle art this vacation time are beginning to get the jump on their elders. Last evening three boys with flashlights were searching over a lawn on

Arctic Fliers Seek Favorable Weather Report

Captain Wilkins And Pilot Eielson Waiting At Point Barrow For Take-Off

TWO-DAY SILENCE BROKEN BY RADIO

Possible That Proposed Flight Over Vast Arctic Region May Start Today

(International News Service)

SEWARD, Alaska, April 6.—Delayed by cloudy weather, Captain George H. Wilkins, noted Australian explorer, and his pilot Carl Eielson were today awaiting a favorable opportunity to take off at Point Barrow on the contemplated aerial expedition over the North Pole to Spitzbergen.

A two-day silence, during which it was conjectured that Captain Wilkins and his pilot might have already launched the hazardous air journey over the frozen polar wastes, was broken by a radio message from the famous explorer, received at the United States army wireless station here.

The message stated that the sky at Point Barrow had suddenly become overhung with clouds, forcing Captain Wilkins to postpone the take-off yesterday. If the clouds depart, the message said, the take-off may be made today.

Fear Raging Storms

The flight across the top of the world was to have begun yesterday, according to the plans of Captain Wilkins announced in a radio message from him, picked up by the government wireless station Tuesday night.

Indications today were that the terrific arctic storms which have raged in the vicinity of Point Barrow since Captain Wilkins' arrival there, have abated. But the cloudiness reported in the explorer's message may be a portent of further storms which might necessitate another postponement.

The government station here remained on continuous guard in readi-

Shoots Partner; Tries Suicide

William Pratt Of Wheeling Is Shot And Killed By Partner

FRED VOLTZ THEN TURNS GUN ON SELF

(International News Service)

WHEELING, W. Va., April 6 — William Pratt, 45, contracting plasterer, was shot and killed today by his business partner of 20 years. Fred Voltz, 55, in their shop in the rear of the Voltz home, on Wheeling Island. Voltz then fired a bullet into his breast and is reported dying at Wheeling hospital.

Voltz had been nervous over business worries for several days, friends said.

Mrs. Voltz heard an argument in the shop and then two shots were fired. After shooting Pratt, Voltz stepped into the yard and shot himself. Pratt resided at Warwood, a suburb. He is married.

PROMISES IDEAL WEATHER FOR EASTER

(International News Service)

PITTSBURGH, April 6.—Ideal weather was promised for Easter in Western Pennsylvania by the government weather bureau here today.

Cool, rather chilly winds are expected for Sunday morning but the afternoon should be very pleasant, with a clear sky smiling down upon the Easter finery.

Tonight and tomorrow, however, thundershowers are expected by the bureau.

DILKS BATTLES ON IN COAST MARATHON

Runners Leave Amarillo, Texas, Today On 42-Mile Hike Through Mud

By LELAND C. LEWIS
International News Service Staff Correspondent

AMARILLO, Texas, April 6.—Earl Dilks of New Castle, Pa., finished yesterday's lap in 9:24.42, giving him an elapsed time for the distance from Los Angeles of 278:30:34.

AMARILLO, Texas, April 6.—The mudders were favored as C. C. Pyle's New York bound heel-and-toe caravan sunk their feet into the moist silt of the Texas Panhandle in their 42-mile march to Groom today.

Pat Demarr, Los Angeles pugilist, smiled through features that bear marks of numerous ring battles at the lowering clouds overhead. This hardy son of Erin led the van through 37 miles of snow, sleet and rain from Vega to Amarillo, covering the distance in 5:29:42.

Detroiter Still Leads.

Arne Suominen, Detroit naprapath finished fifth, to retain the race leadership. His elapsed time for the 1,189 miles covered in 33 days is 196:07:43.

Five hours, seven minutes, 45 seconds behind him was Andrew Payne, with Peter Gavuzzi, Southampton, England, two hours, 19 minutes, 42 seconds slower than the young Oklahoman.

Runners and walkers alike were housed in Amarillo hotels overnight after the caravan trucks carrying tents, bedding and luggage were stalled in the mud outside Amarillo. And the hot baths were the order of the day as the pedestrians checked in at the control, many of the athletes being numb from exposure.

Dilk's Sends Wire

Mrs. Earl Lin Dilks, of Hamilton avenue, received a telegram from her husband, who is making a good showing in the cross-country marathon race. The telegram which was sent from Amarillo, Texas, after he checked in after Thursdays run assurred his wife that he is feeling in the best of shape and taking his time at the beginning of the race so that he will be ready for the end.

Councilman Burns Approves Contract

Councilman W. T. Burns today reported to colleagues during councilmanic session at the city building that he had approved a contract between the city and Woods & Golder for the paving of Sheridan avenue between Mercer street and Highland avenue. The contract was ordered filed by colleagues. The contractor's bond of $1985.75 was ordered approved subject to the approval of the city engineer.

ACQUIT BOY OF MURDER CHARGE

(International News Service)

PITTSBURGH, Pa., April 6.—Robert Stevens, 14, the youngest person ever to be tried on a murder charge in Allegheny county, was acquitted today by a jury in county court.

He was charged, with Alvin Hess, 16, who was convicted last week, of having slain and robbed a ragged stranger on the banks of the Monongahela river, last September.

President Coolidge May Go To New York City For Funeral; May Halt Trains

(International News Service)

NEW YORK, April 6.—Elaborate preparations are being made today for the funeral of Chauncey Mitchell Depew, distinguished statesman, financier and railroad executive who died at his home here early yesterday in his ninety-fourth year.

The funeral services will be held tomorrow morning at 10:30 o'clock at St. Thomas' church, on Fifth avenue. Burial will be tomorrow afternoon at Peekskill, N. Y., the birthplace of Mr. Depew and the home of his youth.

Coolidge May Attend

If his duties will permit, President Coolidge hopes to come here from Washington for the funeral. Numerous notables throughout the East will attend the services. Messages of condolence from hundreds of others, who will be unable to be present, continued to reach Mrs. Depew at her home here today.

Fifty members of the Union League Club, including Elihu Root, will go to the church in a body. Mr. Depew was the third oldest member of the club, in duration of membership.

Aged Man Is Found Dead At Bessemer

John Gorence, 75, Passes Away Alone In Little House At Bessemer

John Gorence, aged 75 years, for over forty years, a resident of Bessemer, was found dead yesterday, in a little shack where he lived alone.

Discovery of the body was made by John Prostovic, a neighbor, who noticed that there was no smoke coming out of the chimney and no indications that Gorence was up and around. Coroner J. P. Caldwell was notified.

According to neighbors, Gorence has not been in very good health for several years, being a sufferer from rheumatism. Indications were that he had developed pneumonia, which caused his death. He had worked around the brick plants of Bessemer as a laborer for many years.

He is survived by one daughter, who lives in Barberton, O. His wife died many years ago. Funeral services this afternoon from St. Anthony's church in Bessemer.

Cuban Refinery Damaged By Fire; Loss $3,000,000

Refinery Of Standard Oil At Regla, Near Havana, Is Damaged By Fire

FIFTEEN MILLION DOLLAR CONCERN

United States Sailors From Battleship Wyoming Help Fight Blaze; Nineteen Overcome

(International News Service)

HAVANA, April 6.—The fire which swept the three refining plants of the Standard Oil Company on the outskirts of Regla was controlled today after it had caused $3,000,000 damage. The fire is believed to have been of incendiary origin.

United States sailors from the battleship Wyoming helped the firemen to prevent the flames from spreading into the town. Nineteen sailors were overcome by fumes.

Forty one residents of the fire zone were injured, including one woman.

The fire was still burning this morning, but had been localized. Soldiers and police were guarding the district.

Eleven petroleum and gasoline storage tanks were destroyed.

For a time it looked as though the flames would spread to ships anchored in the eastern part of Havana Harbor and they were removed from their moorings.

When the fire was at its height the great $15,000,000 plant was a blazing inferno, the glare being visible for nearly 20 miles.

Many Features Mark Y. Circus

Y. M. And Y. W. C. A. Performers Please Large Crowd In Thursday Circus

OVER HUNDRED SHARE PROGRAM

No one knows what lays behind the painted grin of a clown, and in circus time, no one cares particularly, but if ever a show was really featured by clowns, the Zingling Family circus which played Thursday evening at the Y. M. C. A. was that show. For all sorts of clowns were there. Fat clowns, lean clowns, tall clowns and short clowns, all made merry at the expense of the other performers. There were clowns with faces much, much too big, and there was one clown in particular who could have played Hamlet very easily.

All Acquit Selves Well.

From the grand entry until the last act, the affair was a circus, done in the best manner of the sawdust ring. Almost 100 performers, members of the Y. M. and Y. W. C. A's. took part and all acquitted themselves with glory.

Of course, a critic could pick out many faults, such as playing Soldo, "Houdini's only rival", as the last act on the bill. It was particularly unfortunate, because before he had finished his part, the crowd, already restless from sitting for so long a time began to leave. And so the last act of the show, and by far the most spectacular, was finished to the tune of shuffling feet.

Girls Feature.

In almost every part of each act in which they appeared the classes of the Y. W. C. A., under the tutelage of Miss Dorothy Stewart, the girls were almost perfect. Everyone moved in complete harmony: there were few

State Judges And Attorneys Discuss Laws

State Judges And District Attorneys Meet In Philadelphia To Talk Over Laws

WILL RECOMMEND SEVERAL CHANGES

May Draft Bills For Presentation To State Legislature

(International News Service)

PHILADELPHIA, April 6.—Judges and district attorneys from all parts of the state met in the Supreme court rooms at City hall today to discuss means of modernizing criminal court methods and to recommend constitutional amendments to the commission on penal law.

If the commission approves, bills will be drafted to be submitted to the state legislature for action.

Chief Justice Robert Von Moschzisker, of the State Supreme court, presided at the conference which will continue tomorrow.

"We are here," said the chief justice in opening the conference, "to discuss the so-called crime wave—a much abused expression. Everything has grown bigger of late years and it is not to be wondered at that criminality has shared in this general growth, for temptations to commit and facilities for committing crime have increased.

Methods Antiquated

"I think most of us will agree that, in some respects, our court methods of meeting present-day criminal conditions have become antiquated," he continued. "Therefore, we have gathered to decide what can be done to make it fit the times in Pennsylvania.

"Prompt and efficient administration of the criminal law by the courts is one of the best deterrents of crime. To give such service, those having responsibility must be furnished with proper tools with which to work and they cannot produce good results with outworn implements. Rules of law are the tools of our craft and the courts cannot serve the public well unless the people, through their representatives in the legislature are willing to bring these rules up to date," the chief justice told his fellow jurists.

Property owners today described conditions in South Jefferson street between the New Castle hospital Hill and Long avenue and asked that the thoroughfare be paved. Councilman Davies supported the statement of citizens that the roadbed is higher than the sidewalk and that during rainy weather the sidewalks are muddittered. Councilman Reeves made a motion, which passed, instructing the engineer of the city to prepare grading and paving plans

Lindbergh Takes Brand New Plane Aloft For Test

New Ryan Brougham Plane Tested By Colonel Lindbergh In California

(International News Service)

SAN DIEGO, Cal., April 6. — His plans still cloaked in secrecy, Colonel Charles A. Lindbergh was expected to take his new Ryan Brougham plane aloft today and fly back to Santa Barbara to resume his "vacation."

The Flying Colonel has apparently completed the task of testing the new plane, and with ostensible satisfaction. He took a flight in the craft yesterday, accompanied in the cockpit by Donald Hill, designer of the Spirit of St. Louis. When he completed the flight, he pronounced the new plane worthy and expressed great pleasure over its performance.

Philadelphia Man Sacrifices Life To Save Workmen

Trapped In Tank By Blast, Foreman Shoves Workmen To Safety, Dies Of Burns

(International News Service)

PHILADELPHIA, April 6.—Stepping aside to permit three of his workmen to escape through a narrow opening from an oil tank in the Philadelphia and Reading Railroad's yards here after an explosion filled the place with fumes, Harry Biemiller, 43-year old foreman and father of six children sacrificed his life early today.

Repair work was being performed on the tank when a lighted torch caused an explosion. Biemiller was nearest the opening but pushed the other men through the opening first. He then collapsed. Frank Knoll, one of the workers led rescuers toward the tank time and time again but was driven back by the flames and fumes. Finally firemen arrived and pulled the unconscious form to safety. Biemiller was rushed to a hospital but died shortly after admittance.

Albert Street To Be Paved To Norwood

Council Passes Finally Ordinance Calling For Improvement

Meeting in regular session in city hall today members of city council passed finally an ordinance providing for the grading and paving of Albert Street, between Leasure avenue and Norwood avenue. The thoroughfare is to be paved with vitrified paving block, reinforced concrete or some approved form of asphalt.

Mid-West State Is Held In Grip Of Heavy Storm

Omaha, Lincoln And Other Cities Cut Off From Wire Communication

REPORT SEVEN-INCH SNOW AT LINCOLN

Cyclonic Winds Follow Sleet And Snow; Damage Not Heavy

(International News Service)

CHICAGO, April 6.—Omaha, Nebraska, is isolated by a severe blizzard, according to reports here early today.

All wires to the Nebraska city are down and telephone and telegraph companies reported almost all wires out west of Des Moines, Iowa.

The Nebraska storm came in the wake of a series of tornadoes, which earlier in the week swept over Oklahoma, Kansas and Texas, taking a toll of seven lives and causing heavy property damage.

Chicago was darkened today by a heavy fog which presaged stormy weather. The temperature here dropped overnight from 60 degrees to near freezing.

KANSAS CITY, Mo., April 6.—Omaha, Lincoln and other cities of Nebraska are completely isolated from wire communication with the outside world today, according to a general radio broadcast message received here today from station WOW, Woodmen of the World, at Omaha.

Burlington and Missouri Pacific railroad offices here, both of which have lines to Lincoln and Omaha, report their wires have gone down north of the Kansas-Nebraska state line and have received reports that cyclonic winds and unusually heavy lightning storms have followed a sleet and snow which last night laid telephone and telegraph poles to the ground.

J. A. Jacobs, general superintendent of the Missouri Pacific railroad here, reported seven inches of snow near Lincoln. So far as Jacobs could learn, however, the high winds of last night had done little damage other than destroy telegraph and telephone communication.

Estimate 613,000 Radios Owned By Pennsylvanians

(International News Service)

WASHINGTON, April 6 — Eight percent of the 5,257,000 radio receivers in operation in American homes, or a total of 613,000 sets, are in the state of Pennsylvania, according to a compilation made public by the Federal Radio Commission.

New York had twelve per cent, the largest number, California and Illinois, 7 per cent each, Ohio 6 per cent and Michigan, 4 per cent.

I've never been so far out west. I've only been to the Mississippi, but I've often thought that some day I'd go to the golden coast on a holiday trip. But as much as I'd like to see what is there, I'd like to go out in some decent style, and not for me is the bunion hike, conducted by Cash and Carry Pyle. It's a wonderful stunt for the lad who runs, whose wind is good and his muscles like silk, and I'm hoping the lad from my home town wins, we're all of us pulling for E. Lin Dilks. But as for me, you can count me out, the bunion derby is no child's play. I'll cross the land in a different style, it's eighty-one and like summer today.

Radio Commission Starts Diagnosis Of Broadcasting

Radio Experts Gather With Federal Commission To X-Ray Situation

PLAN ESTABLISHING OF NEW CHANNELS

By ROBERT S. THORNBURGH,
International News Service Staff Correspondent

WASHINGTON, April 6.—Radio broadcasting went under the X-ray again today, preparatory to its semi-annual major operation.

Broadcasting experts from the War and Navy departments, Bureau of Standard and private industry, met with the Federal Radio commission and started a new diagnosis of the disease which has kept radio in a constant state of heterodyne fever for three years.

A dozen times radio has been laid out for diagnosis and as many times there has been a nation wide reallocation of wave lengths, shifts in power and division of broadcasting time resulting in constant confusion and misery for the listener.

The commission today took under consideration several plans by which the re-distribution clause of the new radio act may be administered without eliminating long- distance reception and at the same time giving each section of the country an equitable distribution of stations.

Plans for reallocations contemplate the setting up of national, regional and local groups of stations, of probable maximum powers of 20,000, 500 and 100 watts. The channels upon which these groups of stations will operate are to be equally apportioned among the five radio zones.

From thirty to fifty national channels, thirty six to fifty six regional channels and four local channels are considered likely. On the cleared channels for the national stations there would be but one station per wave length, assuring satisfactory "dx'ing".

Execution Stay Granted Doctor By Court Order

(International News Service)

SPRINGFIELD, Ill., April 6.—Dr. Amante Rongetti of Chicago, sentenced to die in the electric chair in Cook county for the death of a young girl upon whom he is alleged to have performed a criminal operation, today won a stay of execution when the Supreme court allowed him a writ of error and supersedeas. The writ automatically grants Rongetti a new lease on life until the high court can review the case.

Today is Good Friday. Churches are having special services. What are you doing?

Now days everyone seems to be keeping it under their green hat. For green hats there are, for men only. All shades of green and all shapes. So runs the gamut of styles. It has been seven years since green was the predominant color for men. And after this season, Pa Newc believes it will be seven more years.

It takes all some men can do to hold down one job, but recently Pa Newc discovered the "Man with a Thousand Jobs," and you make no mistake. He is Bernie Hanlon, secretary of the Motor Club. "Well," says Bernie, 'Let me tell you just how many jobs I have." Then he started to recount them. When he reached 15, Pa Newc reached for his hat, mumbled something about a lunch date, and ambled on.

And Mr. Hanlon tells about Clarence D. Chamberlin, the New York to Germany flier who comes to New Castle April 12. Recently he attended a banquet at which Chamberlin was guest of honor. From all reports the aviator is not more than five feet three inches tall and will balance the scales at about 115 pounds. Which goes to prove the sociologists old saw that great men are little men. But the sociologist who told this to Pa Newc was a short man himself, so it must be taken with a grain of salt.

On their return from a grass fire in the Harbor street district Thursday, the members of No. 6 Hose company, found in their truck on their return, a small garter snake, which in some unknown manner had made its way up and into the truck.

From a statement made yesterday by a young business man of New Castle it may not be long before several residents of the city may have their own personal airplanes. This young man who saw service in the World War as an air pilot is contemplating building a suburban home and the purchase of an airplane and housing it near his home so that he can step out of his home and take a spin just as easily as we now go out in the car, he said.

COMPLETE BURIAL PLANS FOR LATE CHAUNCEY DEPEW

(Continued From Page One)

Ernest M. Stires and the Rev. Rolin H. Brooks will officiate at the religious rites at St. Thomas' church tomorrow. The boy choir of the church will sing.

The body will be taken to Peekskill by automobile. Motorcycle squads from New York City and towns in Westchester county will escort the funeral cortege, succeeding each other until the Hillside cemetery is reached.

May Halt Trains

By order of Governor Alfred E. Smith, the flags of New York State's public buildings were at half-mast today, as were the flags on all the buildings in twelve states of the New York Central Railroad. Mr. Depew had served the railroad for sixty-two years as counsel, president and chairman of the board of directors.

Mr. Depew's successor as chairman of the railroad board is expected to be chosen at the regular meeting of the directors next Wednesday.

Sixteen hundred passenger and freight trains of the New York Central and subsidiary systems may be halted for thirty seconds tomorrow morning when the funeral cortege starts for Peekskill. It was reported today that such an order might be put into effect, and that other roads might follow the example of the Central.

Federal Agents Warned Against Political Evil

Federal Agents Face Dismissal If They Dabble In Coming Political Campaigns

ORDERS ISSUED BY SEYMOUR LOWMAN

(International News Service)

WASHINGTON, April 6.—Prohibition agents who participated in political activities during the coming presidential campaign will be dismissed from the service, Assistant Secretary of the Treasury Seymour Lowman, in charge of dry operations, announced today.

Strict orders have been issued to administrators warning them not only of restrictions against "playing politics" issued by the treasury, but similar regulations on the subject laid down by the Civil Service commission, under which the dry machine operates.

Difficulties are expected to be met in carrying out the orders, since many agents and subordinate officials owe their original appointments to political backers. The 1928 campaign will be the first in which a flat ban has been placed on political activity of dry agents.

Anti-political regulations drawn up by commissioner J. M. Doran and approved by Secretary Mellon provide: "An officer shall not use his official authority or influence to coerce the political activity of any person or body."

Special Acts.

But it was the special acts, like the newsboys clog, given by the North street Girl Reserves and the Swanee clog, done by the Ben Franklin Girl Reserves that put especial life into the last half of the performance.

Three feature acts at the end of the performance also served to hold the patrons in their seats long after 10 o'clock. One of the most finished acts of the whole affair was the tumblers under the direction of Henry McNicholas, assistant to the physical director of the Y. M. C. A. They were all that could be desired. Especially was the finale of this act good, when McNicholas walked off the floor carrying his whole troupe of three on his shoulders.

The Royal Pyramidists, with a little girl as top mounter, played next on the program, and won the deserved applause of the audience.

Finally came Soldo (Sol Davis) in his escape acts. For the delection of his spectators, he escaped from a mahogany box, after being handcuffed and chained in it by two members of the local police force. After this, he allowed himself to be chained, and within one minute he was again bowing to the spectators.

The circus will continue Saturday with a matinee and an evening performance. The first show will take place at 2:15 and the evening show is scheduled for 8:15.

The entire affair was staged under the direction of Walter E. Kirker, physical director of the Y. M. C. A., and Miss Dorothy Stewart, physical director of the Y. W. C. A. George Lyon acted as ringmaster, while Jack Llewellyn was boss clown. Music was furnished by Myer's orchestra, and refreshment booths were conducted by Lucille Hamilton and a group of girls.

The clowns who entertained were Eleanor Blanning, Maxine Bollard, Mary E. Foster, Dorothy Sankey, Barbara Sleigh, Jack Llewellyn, Sotus, Davies, Charelbois, Marcell, Chapman, Marlin and Cole.

To Have Communion This Evening At First Presbyterian

"The Scientific Cause of Christ's Death" was the subject of the message delivered Thursday evening by Rev. Walter Emerson McClure at the pre-Easter services in the First Presbyterian church.

The special services conducted this week have been of deep inspiration and splendid interest.

The meetings will conclude this evening with the sacrament of the Lord's Supper and reception of new members.

Pay Sheriff For City Prisoners

Among bills ordered paid today when city council met was one for $5,329.05 to the Pennsylvania Power company for light, $4,000 to L. F. Vaughn, contractor, who is building the new fire station and $179.50 to Sheriff H. M. Reynolds for the care and keep of prisoners sent by the city of New Castle to serve terms in the Lawrence county jail.

There is a boy in every community who is "going to hang some day" and doesn't, and then there is the pie-faced young angel whose confession comes as an intense surprise.

RURAL BEAUTY—WARNING!

IT IS reported that the Council for the Preservation of Rural England is really doing effective work in keeping England beautiful. Where a great estate is to be broken up for town building or other residential purposes, the council is right on the job to see that no haphazard and ugly construction is allowed. Suburban development is attractive and harmonious. Natural beauty is preserved and not destroyed.

Some movement of the sort is desperately needed in this country. Here the uglification of the rural regions near industrial centers proceeds apace. Unsystematic and lack of uniform building, billboards, the destruction of trees and the combination of pretty streams follow along the trail of the automobile from the city out into the country.

Some communities have shown that such things are not necessary. But a lot of others have not yet learned the lesson.

HONOR FOR SENATOR FESS

THE selection of Senator Fess of Ohio to sound the keynote at the Republican national convention assures a good speech.

The Ohio senator is a scholarly man and a real orator. It will be what the politicians call a safe speech. Senator Fess may be trusted implicitly, we imagine, to avoid oil and other ticklish subjects and to dwell with ringing eloquence upon the past and present glories of his party, and that, of course, is what is expected of a keynote.

The chief, and in fact only, end of the keynoter is to paint the party's past, present and future in glowing terms.

Senator Fess, we have no doubt, will do the job thoroughly and well.

ONE WAY OF MAKING CRIME UNPROFITABLE

NEWTON D. BAKER, former secretary of war, appearing before the house judiciary committee in support of the bill making it a crime to conceal stolen goods or ship them in interstate commerce, declared that the traffic in such good has now reached $500,000,000 a year.

It is perfectly obvious that any method used to make this kind of business unprofitable will be an effective blow against crime, declares the Philadelphia Inquirer. The so-called "fence bill," introduced by Mr. LaGuardia for the National Crime Commission, would punish offenders by two years in prison or a fine of $5000. The fact that railroad, bank and business representatives joined in indorsing the act is proof that it meets with popular approval. This unanimity is brought about by the general belief that it is a simple measure which "will profoundly affect all gainful crime."

The railroads are heartily in favor of legislation that will break up illegal practices, but they ask that they be excluded from the provisions of this law unless it be shown that a carrier has accepted goods with knowledge that they have been stolen.

It goes without saying that police protection is a local and state function, rather than a matter for the federal government, but the country at large is so tied up with transportation lines that this particular problem should naturally come under the head of the interstate commerce law.

Many statutes seem to be framed for the care and protection of the criminal, but the proposed "fence act" is intended to make his business both unprofitable and hazardous.

The most satisfactory one-piece bathing suit is the one the small boy uses far from the madding crowd.

Reformers who go to see motion pictures to make sure they will not hurt the public's morals are so often disappointed.

COLLEGE BUILDINGS

Most college faculties and college trustees fret much about their lack of physical equipment on the campus—the lack of buildings. And yet, college buildings, in the scheme of education, are of even less than secondary importance. What colleges need most is men and women of vision on their teaching staffs. They need what Glenn Frank calls educational statesmanship. They need teachers who have the organizing ability to put young minds in touch with the voluminous but highly disorganized mass of new knowledge in this world.

WHAT 10 BOOKS?

Dr. Charles W. Kennedy, Princeton professor, some time ago wrote a poem containing this verse:

"Upon my walls I'd have a row
Of ten wise, magic books I know
To bring all ages and all lands
Within the stretching of my hands."

If you were to go away to a desert island with ten books and ten books only, what ten would you choose? The writer of the Way of the World will receive suggestions. Dr. Henry Van Dyke, known to thousands by his books, his lectures, and his sermons, picks these: the Bible, Shakespeare, Burton Stevenson's "Home Book of English Verse," Plutarch's "Lives," "Henry Esmond"—and, says Dr. Van Dyke, "I'd reserve the other four until just before leaving for my desert isle."

FEAR AND BRUTALITY

An old proverb says that "he who terrifies others is most afraid himself." Observations will show you the proverb is true. Abusive, loud-talking men are those who doubt their own capacity. They fear their own ignorance and their own weakness, and they try to conceal fear and ignorance by bluster. The man puts up the thickest camouflage of boasting loud talk.

CARING

The churches of America would be doing a great service if through their central organization or through the agencies under their control they would launch a campaign to get out the vote for the primary elections this spring and summer, and for the general election next fall. When the present president of the United States was elected not more than 50 per cent of the qualified voters of the country went to the polls. There is no sadder commentary on our sometimes feebly functioning democracy. The first really great job of a better generation than ours is the overcoming of criminal indifference.

An Ohio man in his will left a violin to his granddaughter and he specifically set forth in this document that "incompetent players shall not be permitted to play this violin." Now the question of competency will have to be settled in that particular case.

Hints and Dints

Sun sets tonight 6:30. Sun rises tomorrow 5:36.

If we were going on a hunger strike we have in mind the eating factor we would patronize.

Losses during 1927 due to the robbing of freight cars in transit on the railroads in this country, fell off 12.4 per cent. less than during 1926. Well this, at least, proves that some things are not as bad as they were the year before.

Man will soon be sufficiently wise to save the money he spends courting her to pay the alimony.

The president of the local Shrine Caravan, which happens to be the writer of this column, was presented with a nice gift yesterday. It is a statute of a Shriner, fez and all, about four inches high, made of Butler silver, and is a fine piece of work. W. F. Brennan, district manager of the American Art Works, Inc., Coshocton, O., presented the gift to us. He is the local representative of the Art company. It makes a nice ornament on our desk.

There is always a time in every man's life when he is happy and doesn't know it.

Every now and then there is a chance for some New Castle man to get a good position or get some honor if all those who should get together and boost him would do so. But they don't.

Usually you can tell just by looking at a man that his wife's opinion makes it unanimous.

There are more misleaders in the world than leaders.

When this girl went into a music store and asked: "Have You Netling Time?" the clerk replied: "No, Miss we have Standard!"

It's to be sure of their ground that people file deeds in the register and recorder's office.

A New York lady who has spent some time in the jungles hunting lions and other desperate beasts, is under $25,000 bail in New York for shooting her husband, whom, she claims, was hunting ladies while she was hunting wild beasts in the jungle. Judging from her picture, she could catch wild elephants with her bare hands.

One way to tell a good house keeper is to see what she does with a left-over half can of salmon. You know what you would do with it and so do I. She probably does, too.

Did you ever start out in the morning determined to do a big days work and when evening came, found out that you have been interrupted so much that you got nothing done and even that days work accummulated on you? So have we.

The only thing that some folks give without reluctance is their word of honor.

A bill passed by congress and now in the hands of President Coolidge for his approval or rejection, is one that provides an increase in pay for men who work on submarines in the United States navy. If the president wants to make a hit with us, he should sign that bill and request that the amount be made several times larger.

Whatever happens it is nice to believe that it's for the best, unless it happens to happen to you.

Charity begins at home. Especially the charity whose mantle covers faults.

We heard a chap pull a rough one yesterday. In discussing one of the brethern he said he had a vacuum in his head and only used his head to keep his ears apart. Oh, Wham de doodle, de doodle, wham!

The last time Joyce Hawley took a bath the whole world knew about it. At least, we have not heard of her taking a bath since the champagne affair.

When You Shell The Woods You Often Hit a Friend

When I write about human frailities my text usually is the man I know best—myself. When I describe his follies, weaknesses and faults, the description usually fits almost everybody else.

It is a simple system, but it has faults. Cussing an imaginary character frequently brings down upon me the wrath of some real character whose conscience read between the lines.

Once I wrote about an imaginary character who did something conspicuously vile, and one of the most prominent gentlemen in the State chided me for exposing him.

Once I wrote about a man here in town who had done something despicable, and another man, who had been too intimate with a neighbor's wife, stopped me on the street to thank me for not using his name.

Once I wrote about an imaginary character who lived the life of a miser, selfish, cold and friendless and an old gentleman here in town, being told by some meddlesome ass that the story referred to him, hasn't spoken to me in ten years.

Once I wrote about an imaginary character who borrowed money he could not repay, and a friend wrote and reproved me for criticising him so openly.

A few weeks ago I wrote about a man here in town who had defrauded another. The circumstances were so peculiar that it seemed impossible the facts could fit more than one case. Numerous people told me they knew all about the matter and rejoiced in the publicity given it. They called no names, nor did I, but I assumed that all of us had the same man in mind.

But since that time I have learned that two other men, reading between the lines, thought the criticism aimed directly at them.

Some day, I suppose, I'll write in criticism of an imaginary character who has a sweetie who isnt his wife, and seventeen prominent citizens will fill me full of buckshot.

Nine innocent young women charge that a man, now under arrest in Buffalo, who had one or more wives already represented himself as single and induced them to marry him in quick succession and we often wonder what becomes of moman's sure intuition when a thing like that comes lollygagging around and proposes.

Next to the back seat driver our idea of a particularly obnoxious pest is the person who knows more about operating a receiving set than the expert who built it.

How can a man believe the world is growing better after he has seen a 210 pound man wearing plus fours on a public thoroughfare?

TODAY'S STORYETTE

The nearest rap at the emancipated young women of today who pride themselves upon their freedom in talking about sex is a brief passage in a little skit just published in London.

"Isn't Lulu a dear?" asks one character. She's so candid one can talk to her about anything."

"In fact," another replies."You can't talk to her about anything else."

Mr. Ford says his great wealth has been acquired by keeping himself busy all the time. There Mr. Ford showed his wisdom over the other boys who helped make him rich. He wouldn't have sold so many pleasure cars, broadly speaking if they had kept busy all the time.

A clergyman believes religion can be "advertised like paint." The idea does not appeal to us as sufficiently adequate when we recall that the slogan of the paint trade is, "Save the surface and you save all!"

The only decoration which will be in the hall in which the Republican National Convention will be held in Kansas City will be a picture of President Coolidge. That ought to be an inspiration to those who see it.

A law may be passed in Germany which will permit women to retain their maiden names after they are married. No doubt there will be a law some day that will compel men to adopt the names of the women they marry.

Within a week two United States senators have died. One was the greatest outstanding dry supporter in that body and the other was the greatest outstanding wet supporter in the senate. It is reported that they fought hard for their causes but at the same time did it without making personal enmities of challenging their opponents sincerity.

Bomb No. 64.
Twins, No. 5.
Vivid Youth, Dull Age.
Educating Trotzky.

By ARTHUR G. BRISBANE (Copyright, 1928, by N. Y. American, Inc.)

A brick building, owned by a Democratic political worker, was blown up by a small bomb Wednesday. That was outrage No. 64 in Chicago within the last six months. They did not count the bombing of a Chinese laundry.

Senator Borah has given up his plan to make the old Republican elephant a good girl, paying back $160,000 contributed by Mr. Sinclair. Only $17,000 was sent to the fund. Prosperous Republicans seem to care less about the elephant's reputation than Mr. Borah hoped they would.

Claire Winzer, wife of a poor miner, has added a fifth pair of twins to Germany's population, two healthy boys, weighing 15 pounds. Five pairs of twins is a record. The kaiser would have done something about it. A republic is more cold blooded.

In youth impressions are vivid, and last into old age. Therefore, the manuscript of "Alice in Wonderland" sells for $75,259, a record price, more than would have been paid for the manuscript of Dante's "Inferno", or of Voltaire's "Zadig", each word worth a thousand "Alice in Wonderland" manuscripts.

Years dull imagination. Millions that remember "Robinson Crusoe," "Swiss Family Robinson," "Gulliver's Travels" vividly have a faint impression of more important books read later.

One dispatch said Trotzky was shot by an Armenian "Red", of a shade lighter or darker than Trotzky's. Another dispatch says Trotzky was not shot.

In any case, Trotzky, deprived of all power, is banished by the government that he and Lenin put on its feet.

He knows that, like republics, Communist organizations are ungrateful.

Despite moaning by friends of "oppressed peoples", a British army will be kept in Egypt to stop nonsense that might interfere with the Suez canal. Britain is practical. Uncle Sam's treaty with Nicaragua authorizes him to build, for the benefit of the entire world, a sea level canal from the Atlantic to the Pacific. He should not allow any interfering with that, no matter how the sentimentalists rage.

Two million girls work for a living in this country—2,000,000 too many. American girls should be married, producing good children for the next generation.

Schopenhauer, in his "Studies in Pessimism," referring to women's harshness in dealing with an erring sister, says all women are in a conspiracy to make each man support some one woman for life, and won't forgive any woman that interferes with the conspiracy.

Something has happened to that conspiracy in modern times. It should be renewed.

Dr. Georges Lakhovsky treats cancer cells by exposing affected parts to an oscillating electric current. This disintegrates the cancer cells, replacing them with new, uncontaminated cells.

Cancer in the early stages is not dangerous unless deep seated. Its cure involves finding a way to kill a vicious growth, and science will find the way.

Great Britain abandons the intelligent scheme to control and put up the price of rubber, thus making American automobile owners pay Britain's war debt.

The plan worked for a while. Herbert Hoover put an end to it by his attack on the British rubber trust.

Washington reporters say, probably inaccurately, that President Coolidge is "shocked" at the suggestion of $750,000,000 to make the Mississippi river safe.

A country that could give TEN THOUSAND MILLIONS TO EUROPE, add half a billion a year to railroad receipts, and plan, wisely, to cut $200,000,000 a year from corporation taxes, need not shudder at the thought of spending part of a billion to make the Mississippi safe.

Pilgrims from Spain to the Holy Land will go by air in three chartered planes, making ten stops on the way, flying in formation.

The World AND THE Mud Puddles

WHERE SOME TIRES GO

When the new tire casing disintegrates on the automobile, what becomes of the old one? The United States Consul, Robert F. Fernald, at Saloniki, Greece, and Vice Consul Charles W. Lewis, Jr., at Mexico City, have found one use to which it is put.

They say during the last four years, old casings in Greece have been used as human shoes in gradually increasing number until now it is estimated that at least 50,000 are imported annually through the port of Saloniki. Unlike Greece, Mexico has a large consumption of automobile casings and is not so dependent upon outside sources.

Old automobile casings are reported in particular demand for the making of footwear for the peasants in Greek Macedonia and Thrace. The "tcharik," a rough footwear of Greek villagers was composed formerly of a strip of leather held around the foot with a leather lacing passed several times around the ankle and calf over the thick stockings. Now strips of rubber casings have completely supplanted the leather, it is declared. A hide "tcharik" lasted only from one to one-half to two months, whereas the rubber tcharik wears from eight to twelve months, according to native wearers.

Although declared much more tiresome to wear than the hide "tcharik" because of its weight, the rubber one quickly gained popularity among villagers owing to its economy and the better protection from dampness afforded the feet during the winter. Tire "tchariks" are retailed at from 40 to 50 drachmas (the drachma, at present rate of exchange equals $0.0133) per pair. One old casing yields three pairs.

In Mexico old automobile casings have also found use for footwear, known by natives as "guaraches." They are made simply by cutting a piece of rubber into the shape of the sole and attaching it to the foot by means of leather thongs.

TRYING TO SUCCEED—

Without a character is like trying to sail without a boat.
Without preparation is like starting a car that is out of gas.
Without work is harder than trying to read without light.
Without self-confidence is like running on four flat tires.
Without God it like trying to build without a plan.
Without faith never produced a new idea.

Dr. Crane's Editorial

RUSSIA AND THE UNITED STATES

Russia is engaged in an interesting experiment. It is trying out the theory of Karl Marx and other socialists.

We have often heard reformers say that what was the matter with the world is the capitalistic system. All we need to do is t o put business entirely in the hands of the people and to eliminate the capitalists and the millenium will be here.

Russia regards the United States as one of her principal enemies, for this country is built up on the theory of capitalism.

What may be the outcome of these two theories it is hard to say. Anything may happen.

At present the results are startling. Mr. Churchill, the chancellor of the exchequer of Great Britain, in an address recently delivered before London bankers compared the two countries in a remarkable sentence. He said: "What a contrast is presented by comparing the conditions of these two countries (Russia and the United States). Here are two vast countries, each numbering more than one hundred million, each in possession of a mighty continent containing every form of national wealth and inexhaustible resources; the one sinking back into the hideous self-torture of the Communistic delusion and the other striding forward year after year into a prosperity for all classes of people with parallel or precedent."

Academically and quite properly the Russian system may have some very good arguments, but practically and as a matter of fact things in the United States seem to favor capitalism.

For the prosperity of this country is not confined to a few rich men or concerns. It spreads everywhere. Workmen enjoy better working conditions and live more comfortable lives than the nobles of yesterday. The money in savings' banks has piled up enormously. Great concerns are owned by the small investors, and those inventors, like Henry Ford, that have done something to improve the condition of the common people are more prosperous than the vendors of luxuries which are exclusively for the rich.

Whatever may be the outcome argumentatively, the United States is, as a matter of fact, the best country to live in. The government of Russia is iron Tyranny. Conditions in the United States are those of liberty. Daily we see in the public press diatribes against our own government and against our own institutions. As a rule, unless these writings incite violence directly they are hardly interfered with.

In other words, this country is one in which a man can slosh around and say pretty much what he thinks and in the meanwhile make a good living, while in Russia he had better be careful of what he says, and the size of his wage envelope is distinctly meager.

NEW DAY

The days are all so new,
Fresh joy or sorrow,
Dreams broken or come true
Mark each tomorrow.
Never a day is cast
Just like those past.

Tired though I seem to be
Wearied by things,
Still I would live to see
What this day brings.
What though long years have flown,
This day I've never known.

Life is an endless play,
Brightened with jest.
Some of its scenes are gay,
Radiantly dressed.
But there are hours when we
Witness its tragedy.

What shall I see today?
What tale be told?
Who knows what minute gay
Time shall unfold?
Eyes wide I go to view
Strange things and new.

HEROES

Count Luckner is one of the greatest national heroes produced by the World War. His own country has been wild about him for 12 or 14 years. He has been feted and celebrated and cheered by millions of Germans. Recently he made a lecture tour of the United States, and was enthusiastically received by Americans, who admire courage and heroism, even in one who has fought on the enemy's side in a war now happily past. Luckner's book has sold remarkably well in this country.

I have been told that in Germany Count Luckner has been granted the highest honor that it is possible for any people to bestow. According to my informant, this national hero has, by special legislative act, been granted immunity from all laws. He is above the law. He may do anything it pleases him to do, in his own country.

Whether this is strictly true or slightly exaggerated, it sounds great to me. I think there could be no nobler compliment to a noble hero than to say to him, "Laws were made for those who need to be governed. You have proved yourself a true gentleman; one who can be trusted always to do right and to do well. Law cannot touch you, because you are far superior to those who make and enforce laws. We trust you. Do whatever you like, for we know you could not choose but do handsomely."

* * *

I wish we could confer some such honor upon our own national hero, Charles Lindbergh. We have given about all the medals we can by any means find inspiration to design. We have given him nominal freedom of most of our cities, but that is just a gesture, and doesn't really carry with it any privilege whatsoever. We have loaded him down with decorations, flowers and free samples. Our fairest have tried to kiss him, but that accolade of honor he does not seem to fancy. He is no Richmond Pearson Hobson.

It would be fitting that Congress pass a special act granting Colonel Lindbergh immunity from all federal laws, and that the states should follow the example of the nation. Lindbergh would never abuse such a privilege, for he is a gentleman.

But our secretary of the treasury even refuses to strike a coin bearing Lindbergh's likeness. This is nothing short of niggardly. We should put his likeness on a coin, in place of one of those meaningless heads of an artist's model, and also on one of our most-used stamps. We have not begun to honor Lindbergh as he should be honored.

Miss Pauline Gilkey Awarded Scholarship At Summer Training Camp

At the April meeting of the Girl Scout Council, the announcement was made that Miss Pauline Gilkey, captain of Troop No. 1, has been awarded a scholarship for training course in any of the Girl Scout Camps this summer.

The scholarship has been made possible through the Harmon Foundation. Miss Gilkey is very deserving of the honor, for it was she that started the first Girl Scout troop in New Castle, which for so long, was the lone troop. She deserves this recognition from the Regional offices.

County Will Help Crippled Children

Three Mercer Children Are Sent To Hospitals By County

MERCER, Pa., April 6.—Three kiddies are to be given a chance for future health and happiness by the clemency shown today by Mercer county.

The children, crippled, have been formerly committed to the Buhl hospital in Sharon and the Pittsburgh Children's hospital for treatment and operations if necessary.

To the Pittsburgh institution was sent Mike Vacarro aged 8 years.

To the Sharon hospital Virginia Casterline, aged 4, and George Olashasky, aged 8, have been sent.

They are of poor parents living in Sharon.

Under the act of 1923 of Pennsylvania legislature all crippled children are entitled to county assistance in being cured.

A group of 25 kiddies have been committed from this county since that time.

The five Rotary Clubs of the county have also been responsible for the relief of hundreds of these children.

NOTICE!

All children attending the Saturday matinee of the showing of "Quo Vadis" at the

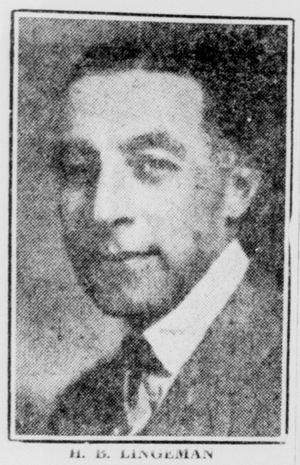
Name Lingeman Purchasing Agent

Promotion Is Announced By P.-O. Company Officials Today



H. B. LINGEMAN

C. S. MacCalla, vice-president and general manager of the Penn-Ohio system, has announced the appointment of H. B. Lingeman as purchasing agent to fill the vacancy caused by the death of R. J. Pike.

In this position Mr. Lingeman will have charge of the purchasing, stores, traffic and invoice departments of the entire Penn-Ohio System.

Until his promotion, just announced, Mr. Lingeman was supervisor of stores for the P-O being a chief assistant in this capacity to Mr. Pike, whom he succeeds as purchasing agent. He has been with the electric light and power and transportation system for ten years, coming to the Penn-Ohio in 1918 and organizing what has expanded into the large stores department of the utility.

Mr. Lingeman was born in Brooklyn, N. Y., receiving his education in the grade and high schools of that city and in the Hefferly Institute, where he prepared for the subsequent reading of law in the offices of Stephen M. Hoye, New York.

Mr. Lingeman entered the employ of the Coney Island and Brooklyn railroad in the claim department and later was promoted to assistant to the general superintendent. In 1909 he was made purchasing agent of the same company and continued in that position till the company was merged with the Brooklyn Rapid Transit when he was made assistant general storekeeper. He resigned in 1917 to join the staff of the Underwriters Laboratories of New York.

To Be Fashion-Right

—One must be completely in Fashion. It used to be that if one had a smart hat, or coat or dress, that was enough. But now Fashion demands that everything that one wears must harmonize with everything else. The right hat must have the right coat, the right coat must have the right bag, the right bag must have the right gloves and so on.

You may be sure that Higgins has listened to this order of Fashion and are alertly ready to carry it out to the last letter.

German Aviators Await Reports Of Favorable Weather

Plane Bremen Fit And Waiting For Hop Over Atlantic If Weather Clears

(International News Service)

DUBLIN, April 6.—Weather reports today gave no indication that conditions would improve sufficiently within the next few days to warrant a take-off for America by Capt. Koehl and his two companions. Meanwhile, the Junkers monoplane Bremen, remained in its hangar at the Baldonnel airfield with everything in readiness for an immediate start, should the weather reports become favorable.

Planning Memorial To Honor Wright In His Home County

(International News Service)

NEW CASTLE, Ind., April 6.—While Washington officialdom and officials of the Smithsonian Institute are attempting to reach a truce with Orville Wright, who with his brother, Wilbur, now dead, invited the first heavier than air flying machine that actually flew, the Henry County Historical Society is planning a fitting memorial to Wilbur Wright who was born in Henry County, only a few miles from this city.

The old Wright homestead made famous first by Colonel Wright, a well-known preacher and the father of Wilbur and Orville, still stands a few miles northeast of New Castle and with it the old log smokehouse which was Wilbur's first workshop.

Spring Plowing At Its Height

The fine spring weather of the past few days has brought the plows out from the sheds and much plowing is being done in all parts of this territory. Many acres of sod as well as stubble is being turned under.

During the warm days of the winter several farmers having sod on high well drained land were able to turn over a little. But on account of the rains throughout the winter little was plowed until the past few days.

In the early spring plowing the use of tractors is quite evident. Whether it is only because the ground is not yet dry enough for a tractor to work efficiently or the farmers have a preference for horses we are unable to say.

Peter's Adventures in Animal Land

BY MRS. FLORENCE SMITH VINCENT

THE CRUEL BUTCHER

Again no answer and no sign of the lizard. Peter was much disappointed, but he didn't intend to give up. He was just about to try for the third time his luck at coaxing lizard from his lair when he heard a mocking laugh that seemed to come from right above him. Peter looked up quickly and there upon the cat-briar sat a beautiful bird who appeared almost like a ball of gray fluff, so soft and downy was his coat of gray. His eyes were large, but there was something about his curved beak that the boy didn't like. It looked cruel. However, Peter was too polite to say what he thought, so he appeared to be glad to see the fellow.

"Hello, there. Where did you come from?" cried the boy. "You were not on that cat-briar a moment ago. And who are you? If you were not much too small, I should take you for a hawk."

"Good guess, two-legs!" The bird spoke in a harsh sort of tone. "My family name is Hawk, but my own name is Shrike. Some folks call me 'Butcher Bird'. What are you doing down here? I don't remember that we have met before; have we?"

"I don't know. No, I am sure I would have remembered it. I am looking for Mr. Lizard. He lives under this stone. Have you seen him today?"

"He lived under that stone, you mean." Shrike corrected Peter. "Yes, I have seen him this morning, but he didn't see me."

There was something queer about Shrike's way of saying this, and if the boy had not been too intent upon finding Lizard he would have noticed it.

"Oh where is Lizard? Do tell me please. I want him to play with me, if he will. He seemed like such a jolly chap."

Peter looked up at the bird as he spoke and then he saw something that he never forgot. He tried to speak but the words wouldn't come. Horror froze them upon his lips. He gasped. Shrike noticed his expression and chuckled—yes, actually chuckled.

"What is the matter? Don't you like my cold storage plant?" asked he. "I think it is a splendid arrangement myself."

At last the boy found his voice.

"Of all the horrible things I have seen in my life this is the worst," said he. "Your cold storage plant! Do you mean to tell me that you did this terrible thing?"

THERE HANGING ON THE THORNS WERE TWO MICE, A FAT FROG, GREEN BEETLE, TINY TITMOUSE AND THE LIZARD

"Why, of course, and I am proud of it. I caught that tiny titmouse there, only this morning. I should never have known where he was if he hadn't kept calling 'Hewit! Hewit!' so often. Really that is why I attacked him. He was making so much noise it annoyed me. As a rule I don't care about birds. I much prefer mice, frogs, bettles and an occasional lizard or two, as you can see for yourself. My shop boasts quite a variety of game today, don't you think?" Shrike waved his wing carelessly toward what hung behind him.

What Peter saw with horror was the very thing that filled Shrike with pride. There hanging from the thorns of the cat-briar tree were the bodies of two mice, a fat frog, a green beetle the tiny titmouse and—Peter recognized him by the coloring of his coat—the lizard that he had come to play with, gay no longer, but limp and cold. Peter knew why Shrike was called "Butcher". The cat-briar tree did look like a butcher shop with all the meats displayed.

Bell Telephone Co. Will Spend $100,000 In County In Year

A building program in Lawrence county which will cost over $102,000 is being planned by the Bell Telephone company for Lawrence county during the year 1928, it was learned this morning at the New Castle offices of the company.

Work costing $48,000 will be done in New Castle and the immediate vicinity. This will be in addition to over $30,000 worth of work which will be done on the Highland avenue district late in 1928 or early in 1929. The company plans also to replace a great number of poles throughout this section. Work will also be done so as to provide telephone relief to the Croton district, the Wilmington road and the South Side.

Among other things, it is planned to add more cable to the system so that more people can be taken care of on individual lines. According to the figures issued, $24,000 will be spent for work in Ellwood City.

This is part of the gigantic building program of the Bell system, which will cost more than $400,000,000, planned to take place during 1928. This is considerably more than the cost of building the entire Panama canal.

Three Youths Said To Have Tried To Wreck Pennsy Passenger Train

(International News Service)

MILLERSBURG, Pa., April 6. — Three Fisherville youths were held by police today in connection with an alleged attempt to wreck a Pennsylvania passenger train near Lykens yesterday.

The youngest of the trio John Schult, 15 has been turned over to Dauphin county probation officers while the others, Webster Dieter and Clyde Bordner, were held for criminal court after, police said, they had pleaded guilty to charges of placing large bolts on the rails in an attempt to wreck a train.

The bolts were discovered when engineer Harry Keiger stopped his train after passing over two of the obstructions. The locomotive did not leave the tracks. Railroad detectives made the arrests.

Seek Two Former Convicts In Case Of Boy Missing

Believe Plot Hatched In Folsom Prison To Wreck Vengeance On Youth

(International News Service)

LOS ANGELES, April 6.—Intent upon unearthing some definite clue to the probable fate of 9-year-old Walter Collins, missing from his home for nearly a month, police today turned their quest in the direction of two men, who are believed to have been fellow-convicts of the boy's father, J. S. Collins, in Folsom State penitentiary.

Refraining from divulging the names of the two men, authorities stated that they sought the pair in the hope that some light may be shed upon the theory that little Walter may have been the victim of a conspiracy of revenge, conceived in prison by enemies of the father, who is serving a term at Folsom for robbery.

Mrs. Knapp Will Enter Plea Today

(International News Service)

ALBANY, N. Y., April 6.— Mrs. Florence E. S. Knapp, former secretary of state, will appear in supreme court at one o'clock this afternoon and plead not guilty to six indictments charging her with felonies and misdemeanors in connection with her administration of the 1925 census fund of $1200,000.

When Mrs. Knapp failed to appear at ten o'clock this morning, supreme court Justice Stephen Callaghan adjourned court until one o'clock this afternoon upon being informed by special deputy attorney general George Z. Medalie that Mrs. Knapp would be present at that time.

Schefenocker Is Presented With Rifle By Men At The Post Office

When Leverett L. Schefenocker retired from the service of the New Castle postoffice Wednesday afternoon after 36 years as a mail carrier, the men of the postoffice called him in and presented him with a fine Winchester rifle to show their regard for this veteran in the service.

To say that Schefenocker was delighted with the gift and the appreciation that it showed would be putting it mildly, for he is quite a lover of the woods and fields and he said no gift could have pleased him more.

The rifle is a repeating Winchester of bolt action with a magazine for six cartridges and is of the latest design and workmanship.

Mr. Schefenocker also said that he had received his fishing license and it is likely that these warm spring days will soon attract him to the woods and fields and side of certain alluring streams. He says he hopes to also find much pleasure in his shop where he has a fine set of tools wherewith to spend his days since he is relieved from the duties of the postoffice work.

Make Registrations For Y. M. C. A. Camp

Two Classes Will Go To Camp From July 5 To August 2; Midgets First

Registrations for the annual Y. M. C. A. camps are coming into the office of the Y, according to John C. Leonard, boys' secretary.

The dates for the camp will be from July 5 to August 2. The midgets will be first in camp, their dates being from July 5 to 19. After that the older boys will have the camp from the dates of July 19 and August 2.

Only 40 boys will be admitted into each group, it is announced. The first 40 to sign up at the Y desk will be the ones to go, says Mr. Leonard.

Asks Permission To Erect Corridor

Would Span Alleyway And Connect New Building With Dufford Building

C. Ed Smith and John S. Able today in a communication to city council in session at city hall requested permission to enclose a passage-way to the rear of the Dufford block, 320 East Washington street, to span an alley and connect with a building now under construction. Solicitor White informed council that council could not legally grant the request but that Smith and Able "can take a chance if they want to construct the enclosure" which would be 19 feet above the roadway. The request was referred to committee.

RUM PATROL ON GREAT LAKES TO BE RE-INFORCED

WASHINGTON, April 6.—The rum patrol on the Great Lakes will be materially reinforced within the next few weeks, coast guard headquarters announced Thursday.

A large number of small patrol boats will be sent into the lakes as soon as the Erie Canal is opened up for spring traffic. These boats have been withdrawn from the Atlantic rum patrol, according to a program worked out last fall.

Treasury officials declared that the move is aimed at checking the anticipated activity of smugglers during the summer.

Army Enlistment Is Aid To Youth Says Recruiter

Any young man, desirous of getting the most out of life and at the same time, planning for a career, which only a higher education will fit him for, will find that an enlistment in the army will not retard his progress, but in reality will prove a benefit in following up his quest for the higher and better things of life, according to the local recruiting officer.

That is, of course, providing, he makes the most of his opportunities while in the army and makes it a serious study.

Among the branches of the army in which enlistment is or will be open soon, are those of Field artillery, Finance and Infantry.

The field artillery appeals to men who want action. Included in its equipment are horses, motors, mules, telephone and radio cannoneers. The mission of this branch of the service is to pave the way for the infantry.

Courses in radio and telephone communication, motor and battery mechanics, horseshoeing, saddlery for qualified enlisted men are offered at the Field Artillery School at Fort Sill, Oklahoma.

While its true, that an army is largely for fighting purposes, yet if there was no finance department attached to the modern army, it would would be little fighting done. Therefore in the finance department, the army needs bookkeepers, stenographers, file specialists, cashiers, storekeepers, accountants and auditors. The finance department checks up and disburses the money appropriated by congress for national defense. The Finance School at Washington, D. C., trains men to those jobs.

Infantry is the backbone of the army and the nation's chief reliance for Liberty in war. The open opportunity to go to school and learn mechanics is presented in this branch of the army. When the course of study has been completed, all feel thankful for the opportunity afforded them.

Stephenson Appeal Set For April 24

(International News Service)

INDIANAPOLIS, April 6.—The Indiana supreme court Thursday set April 24 as the date for oral arguments on the appeal of D. C. Stephenson, imprisoned former Grand Dragon of the Indiana Ku Klux Klan from his conviction at Noblesville, Ind., October 27, 1925, of the murder of Miss Madge Oberholtzer.

The appeal of Stephenson from his conviction at Noblesville which resulted in a life term for the former Klan leaders has been pending in the court for nearly two and a half years.

Horned Rabbit Is Caught By Trapper

(International News Service)

AMITY, Ark., April 6.—What is believed to be a most unusual "freak" of nature has been discovered here in the form of a rabbit with horns. The animal was caught in a trap near here by William Short.

The rabbit is normal in every respect except that a horn, measuring about two and one-half inches in length, protrudes from behind each ear.

Jurors In New Sinclair Trial Under Scrutiny

Federal Agents And Private Detectives Make Inquiry Into Jurors' Lives

DEFENSE METHODS ARE NOT KNOWN

Harry F. Sinclair Will Be Called To Court For Conspiracy On Monday

By GEORGE E. DURNO
International News Service Staff Correspondent

WASHINGTON, April 6.—Federal agents and private detectives today were completing an exhaustive inquiry into the private lives of the 550 men and women from among whom the jury will be selected to try Harry F. Sinclair, millionaire oil magnate and sportsman, next Monday for criminal conspiracy to defraud the government of the Teapot Dome naval oil reserve.

This investigation had to do with the nature of employment of each of the veniremen and their families; their religious beliefs and fraternal affiliations; whether or not they own oil stock; their general reputations, and a score of other points.

Defense Not Known.

The government's investigation is being conducted through inquiry of the employers of the jury panel.

The defense methods are not known, but it is understood the work is being done either by one of the many private detectives who serve local lawyers or by a credit agency.

Great care is being exercised by both sides. Sinclair already is under a six-month sentence for contempt of court as a result of miring the Burns detective agency to shadow the jury that sat in the original conspiracy trial last fall, and Justice F. L. Siddons, of the district supreme court, has ruled that jury shadowing by either the government or the defense is illegal.

Find Skeletons Of Old Plesiosaurus Under British Mud

(International News Service)

LONDON, April 6.—One hundred million years ago, when Scotland was an island, when England was underwater, and three-eyed monsters ruled the seas, there lived in the ocean over what was to be the county of Warwickshire a plesiosaurus.

When he lay down under a bank of mollusces to die he rested on his breast, contrary to the usual practice, which was to roll over and turn up his toes. By dying in this position, he has provided science with a most important link in the study of the evolution of prehistoric reptiles.

The skeleton of the plesiosaurus, which was recently unearthed in a clay quarry by workmen, now lies in the Natural History Museum. And this is what Professor W. E. Swinton, the paleontologist of the institution, says about him.

"Nearly every plesiosaurus hitherto found has 'turned up his toes' dying, like a canary. Thus the shoulders have become abraded and lost. The new specimen, however, has an almost perfect shoulder-girdle, which will aid us greatly in the classification of types.

"The plesiosaurus, measuring sixteen feet, is the second largest known, as well as the second oldest. We can measure their age by the length of their necks, for as evolution progressed, the neck of this type of animal grew shorter."

Airplanes Will Convey Mail To French Mainland

HAVRE, France, April 6. — The French liner "Ile de France" having been laid up for three months not only has overhauled engines and modified saloons and cabins but is fitted with a catapult on the rear deck for the launching of airplanes for mail carrying purposes.

The French line intend to speed up their mail service with airplane service both on the American and French sides.

"DEPARTMENT STORES FOR MEN"

THE MODERN FISHER BROTHERS

Everything Under the Easter Sun

Everything under the Easter Sun can be found in this "Man's Department Store"... But that is not the half of it. Things modern are here too. What is this much talked-of art modern? It is the new spirit, as different from the old as our modern skyscraper is different from the log cabin. Among many definitions we find this one best! "It is an art, less artificial ... with a simplicity that brings comfort as well as beauty to over-civilized mortals."

In New Assortments That Are Modern and Large

Who pays and pays and pays? The man who doesn't get his money's worth. The man who is more impressed with an expensive label on the Hat than the hat itself. The man who judges quality and correctness by price, the man who still believes that a high price is necessary to beauty. But this kind of man is getting scarcer and scarcer. You won't find him in Fisher Brothers. Fisher Brothers attract a clientele that is modern . . . and these clever moderns demand their money's worth for...

Mercer Church To Present Cantata

"Christ The Victor," Will Be Given By Central Presbyterians

MERCER, Pa., April 6.—"Christ the Victor" is the theme of the Easter cantata that is scheduled for singing at the Central Presbyterian church at the evening service on Easter.

The combined choirs of the Second United Presbyterian, First Presbyterian and Central Presbyterian churches assembling 50 voices under the direction of V. L. Fleck, choir master of the Central church, are now rehearsing the music.

The following soloists have been chosen: Miss Aida Munnell, Mrs. Lawrence Ostrye, Mrs. Leslie Mountford, Clyde Wilson, Earl Hogue of Mercer, and Arthur and Ray Walters of Grove City, Glenn Reznor of Greenville.

Sacred Musical At Italian M. E. Church Sunday Evening

Will Be Given Under The Direction Of The Electa Bible Class

Easter Sunday the morning service will begin at 10:45, the sermon will be preached by the minister, Rev. James Charbonnier, Ph. D., and the musical and vocal numbers under the direction of Miss Rose Nocera, with the Misses Elvira and Mary Gillest.

Holy Communion will be partaken by a number of out of town visitors. A class will be received as preparatory members, and another class as full members. Several infants will be presented for Christian Baptism.

At the evening service at 7:30, a musicale of sacred numbers will be rendered by the Electa Bible class under the direction of Miss Mabell Hutchison. This class has recently enlarged its program of work, led by the new president Mr. Marshall Baptiste.

This class of young people will render the following program:

"Hail, Blessed Morn."

Ready To Publish Detour Bulletins

HARRISBURG, April 5.—With the opening of the 1928 construction season of the Department of Highways only two weeks away, preperations are almost completed for publication of the weekly detour bulletin. The oiling schedule of the maintenance crews will be completed and work under way within the week.

The detour bulletin carries complete directions for motorists using highways under construction and enables them to avoid the operations if they wish. Each week's oiling schedule is included on the bulletin so that car owners are informed in advance of the location of freshly oiled roads and avoid them, especially in wet weather.

Blueprints originally served the purpose of these bulletins, but proved costly and required too much time. In 1925 the present color map made from zinc etchings was adopted.

ENJOYS GLORIOUS HEALTH; GLAD TO INDORSE KONJOLA

Young New Castle Lady Says New Medicine Ended All Her Health Troubles

MISS SYLVIA COOPER

Seavy Photo

This surprising new medical compound, Konjola, which the Konjola Man is explaining in person to large crowds daily at the Love and Megown drug store, 204 East Washington St., has not only become the sensation of this city, but is also the talk of cities and towns thruout this entire section. For instance, just the other day Miss Sylvia Cooper, 1204 School St., New Castle, made the following report about Konjola.

"I had been a sufferer for years", said Miss Cooper, "trying first one thing and then another, before I ever knew there was a medicine like Konjola, and now since I got this new compound it has ended years of constipation for me and my stomach trouble is gone.

"The worst thing about my case was the awful constipation pains that came over me. I couldn't eat a meal without suffering. My food seemed to sour and ferment, causing loads of gas to form and sharp pains around my heart. I was also subject to heart burn that lasted for hours. Because of the constipation my system filled with poisons and I never could get rid of them. Although I tried strong laxatives, they never gave me any relief. All during the day I would have awful dizzy spells that felt as if a thousand needles were sticking in me. Besides these troubles my liver was sluggish and this caused my complexion to be almost yellowish. I didn't know what it was to get a good night's rest and I always felt dreadful in the mornings.

"When the Konjola Man reached New Castle I decided to try this medicine. It turned out to be just exactly what my system always needed. Before my first bottle was gone I could feel an improvement in every way. I continued with the medicine and now I can enjoy meals without suffering afterward. The indigestion spells do not come and I never suffer from gas bloating or heartburn like I used to. Konjola regulated my bowels and I have free movement every day. The dizzy spells have disappeared and my complexion has cleared up. In every way I feel like a new person. I sleep soundly all night long.

"Konjola has done more for me than anything else I ever tried and I will always be glad to recommend it to others who suffer."

The Konjola Man is at the Love and Megown drug store, 204 East Washington St., New Castle, where he is daily meeting the public and introducing and explaining the merits of this remedy. Free samples given.

Congress Warned To Kill Tax Cut Or Relief Issues

Senator King Of Utah Points Out Defects In Tax Reduction Plan

TREASURY SURPLUS STANDS THREATENED

Government Confronted With Terrific Deficit, Senator Warns

By WILLIAM K. HUTCHINSON
International News Service Staff Correspondent

WASHINGTON, April 6.—Kill the tax reduction bill or kill all special relief legislation.

This warning was served on Congress today by Senator William H. King (D) of Utah, who pointed out that the legislative program of Congress now authorizes an outlay of $1,750,000,000 of federal funds.

If this program is enacted into law, King declared, the treasury surplus will be wiped out like a "drop in the bucket" and the government confronted with a terrific deficit. If tax reduction legislation is enacted on top of this, King added, the deficit will be only that much greater.

Congress must cut down on its present program of new appropriations, the Utah senator said, or abandon tax relief legislation for years to come; the expenditures within the next year under the current legislative program, he added, will total $500,000,000—more than double the expected 1929 surplus.

Among the new appropriations authorized by the present legislative program, King listed: $325,000,000 for flood relief (passed by Senate); $250,000,000 for new public buildings (passed by both branches); $250,000,000 for farm relief (pending in Senate); $125,000,000 for Boulder dam (pending in both branches); $400,000,000 for the Columbia river basin (pending in both branches); $300,000,000 for new naval construction (passed by House); $76,000,000 increase in federal salaries (pending in House); and $24,000,000 loss of revenues by reduction of postal rates.

Sampson Street Plans Approved

City Engineer F. F. Miller today presented plans to city council for paving of Sampson street, between Rebecca street and the city line. Council approved the plans.

Solons also sanctioned the plans presented for the construction of a separate sewer in Garfield avenue between Wilmington avenue and Mercer street.

BUNNY BAND HAILS EASTERTIDE

"Boom! Boom! Ta-ra-ra!" goes the bunny band as it plays a piece to celebrate Easter. The two young orchestra leaders on top of the egg are New York children, Mary Jean Loughead, daughter of Emma Roberts, mezzo contralto, and Enzo Gigli, son of Benimino Gigli, Metropolitan Opera tenor.

ALL OF HIS ILL HEALTH WAS DUE TO CATARRH

Indigestion, Lack of Appetite, Bloating, Dyspepsia and Constipation Symptoms

World's Tonic Cleaned Up the Membranes of His Head and Stomach. Now Back on the Job.

"I did not realize all my ill health for the last five years was due to nothing but Catarrh," said Charles Emrick, 645 Sharon Ave., Sharon, Pa., in a recent talk with the World's Tonic druggist.

"I had taken many kinds of stomach medicines, thinking my trouble was due to indigestion, but after using two bottles of World's Tonic I feel entirely well for the first time in five years. I am now positive I had catarrh of the stomach and head. After eating, gas formed in the stomach and bowels. At this time I would bloat so I had to unbutton my clothing, and at times was just able to breathe. I always had a burning sensation, and I often spit up handsful of mucus. I could feel the mucus drip from my head into my throat. Each morning I was drowsy and my head felt full and heavy. At times I was not able to breath through my nostrils. My wife said I slept with my mouth open and my breathing was heavy. Constipation attacked me about four years ago and I had to use some kind of pills or salts every few days, but it is different now. Most all those bad feelings are gone and I am better off from a health standpoint than in years. I am now on my job every day. World's Tonic has certainly done wonders for me."

Many cases of general ill-health are due to nothing more or less than Catarrh. As this disease progresses the discharges from the inflammation in the throat become offensive and very poisonous. A great deal of this matter is swallowed especially during sleeping, and enters the stomach. There follows all kinds of stomach disorders, general weakness, and the health in general declines rapidly. A person so suffering needs World's Tonic, which is a systemic treatment for Catarrh, and banishes it from the system. Get it at Paisley's, McKee's Kut Rate Store, Smith's, Eckerd's of New Castle, Inc., or any reliable druggist. (245)

Failure To Pay Tax Is Cause Of Arrests

Brothers Are Arrested For Non-Payment Of County Taxes

(Special To The News)

MERCER, Pa., April 6.—Frank J. Blair and Vernon Blair, brothers, of Pymatuning township, near Sharpsville, were arrested this morning and taken to the Mercer county jail, the arrest being made out on warrants of the tax collector, for the non-payment of county and township taxes.

This is reported to be the first arrest of this kind in the last 30 or 40 years. It is also said that there are about 80 others in the district that have failed to make payment of their taxes and arrest of them is imminent unless the taxes are promptly paid.

The two brothers were taken to the county jail and it is said that they will likely pay their taxes and their release arranged.

Over 140,000 Miles Traveled By Veteran In Delivering Mail

In 36 Years Distance Traveled While On Duty Nearly Six Times Around World

It is estimated that Leverett L. Schefenocker, local mail carrier, who was retired on pension this week after a service of 36 years, has traveled approximately 140,000 miles or a distance equal to nearly six times around the world in delivering mail in the 36 years.

Mr. Schefenocker has been a carrier on the mail routes of the city for 36 years and has worked steadily on his route all those years with the exception of the usual summer vacation and holidays and one period of five months when he was sick.

It is estimated that the mail routes of the city that have been traveled by this veteran mail carrier will average a total length of 13 miles a day, counting both the morning and afternoon deliveries. The average number of days a carrier works in a year is 304, thus Mr. Schefenocker has walked his routes for about 140,000 miles during his 36 years' service.

NO MEETING

There will be no regular meeting of the North Street Junior Hi Y club Tuesday, April 10, announces John C. Leonard, boys' secretary at the Y. All members who are on membership drive teams 10 and 11 are asked to report at the Y at 6 o'clock Tuesday evening.

Always Look to the Left as You Step Off the Sidewalk

Here's some timely advice from the National Safety Council which parents should heed themselves and then pass on to their children: Pedestrians should refrain from rushing blindly into congested traffic. The majority of people who were killed last month by automobiles were pedestrians, most of whom did not observe the elementary rules of caution which today are being taught to thousands of school children. When you start to cross a street (1) Look both ways to get an idea of approaching vehicles. (2) Observe especially if anything is approaching from the left. (3) As you near the center of the street ascertain if anything is coming from the right and continue to look to the right, until you reach the safety of the sidewalk. If you'll remember these simple suggestions, you should keep out of the path of automobiles.

AUTO BACKS DOWN HILL; HITS TWO CARS

A street car and two automobiles were in a mixup on Highland avenue Thursday, when the brakes of the street car operated by John Kaufmann of 1226 East Washington street, failed to hold, as he was compelled to stop suddenly, when a truck loaded with feed pulled in front of the car at Grant street and stopped suddenly.

The result was that the car started to back down the hill and hit and knocked to one side, the car driven by David Nelson, 33 North Mill street, then kept on down the hill and hit the car of Mrs. B. A. Shannon, which was driven by Jack Bryan, knocking it into the curb and damaging it to a considerable extent. The Nelson machine was also damaged.

REPORT THAT BOYS HAVE DISAPPEARED

Mrs. Sadie J. McMullen, 714 East Main street, reported to the police Thursday that a boy named Warren Congleton, aged 16 years, who has been making his home with her and another boy named "Red" Heasley of Brooklyn avenue, left their homes Tuesday and have not been heard of since. She has asked the police to assist in locating the boys, if possible. The Congleton boy is 16 years of age about five feet four inches in height and wore a gray suit when he left home.

OFFICER CAPTURES FIVE GALLON JUG

Officer Budd Fleeger was making his way along Howard Way towards Big Run creek this morning about five o'clock, when he saw a man coming towards him with a five gallon can. The man saw the officer about the same time and dropping the can started to run away.

The officer gave chase but lost his man as he ran between two houses toward South Jefferson street. The can was secured and turned in at the central station. It contained five gallons of liquor.

Mud Likely To Fly In Presidency Battle

By CHARLES P. STEWART
Washington Correspondent for Central Press and New Castle News.

WASHINGTON, April 6.—We're on the eve of what bids fair—or foul—to develop into an uncommonly ugly presidential campaign, when it really gets a-going, after the national conventions in June.

The opposing groups in congress are working up to it now. Already a great plenty of mighty vicious things have been said. They've been more than partisan. They've been personal. And they haven't been meant in any harmless Pickwickian sense.

Duels would have been fit, over some of the recent cracks which have been exchanged on Capitol Hill, if this were 100 years ago.

* * *

Terms like "grafter" and "thief"—they've been quite freely used in connection with a slush fund investigation or two—couldn't have been slung around so liberally in Col. Burr's and Andy Jackson's day without resulting in cases of lead poisoning.

If anybody ever had said, "Birds of a feather flock together"—meaning John Randolph of Roanoke, a convict, an ex-convict and a man who considered the statute of limitation his best defense against becoming one—John would have "called him out" sure.

Even in this less warlike generation, such talk breeds hard feelings.

* * *

Nevertheless, it's the kind of conversation you can listen to from the floor of the senate and the house of representatives almost any afternoon this spring.

Moreover, the shower of oil investigation brickbats is getting pretty thick.

Until very lately, this barrage was practically all directed one way, but in the last week or two, several of the politicians it was falling on have begun picking up some of the ammunition and slamming it back.

All in all, it's reaching the proportions of a blamed mussy fight.

* * *

The heck of it is, properly speaking, the rumpus has hardly started.

It's been merely a sort of a general skirmish up to date.

Each side has seven or eight possibilities, as standard bearer, and consequently neither crowd has known just whom, in the opposition ranks, to concentrate on.

The conventions will clear up all rival doubts, and then the main scrap will open up full blast.

* * *

There were a few dead cats and a certain amount of decaying vegetation lying around four years ago this time, which might have been hurled back and forth then, but the belligerents didn't seem in a frame of mind for it that year.

John W. Davis didn't like such methods, for one thing, and so long as he didn't resort to 'em, the other outfit didn't need to.

This time it's evident that nobody entertains a bit of John W.'s scruples. Whatever comes to hand plainly is going to be utilized any way it seems likely to do the most good.

* * *

A presidential campaign virtually shapes itself, anyway.

Sometimes it's obvious from the first that it's due to a nice, clean, gentlemanly affair.

Other times you can see in advance that nothing's listed as barred—mud, stinkpots, gouging or anything else.

If there's anything in signs, this is one of the latter kind of years.

It ought to be fun for the spectators, at that.

Plead No Defense In Defraud Cases

(International News Service)

PITTSBURGH, April 6.—A. C. Leslie, former president of the Pittsburgh Deposit and Title Company, and J. C. Leslie, general manager of the Central Homes Co., Thursday pleaded no defense in county court to charges of conspiring to defraud the bank of $186,000. They will be sentenced Monday.

The two men exonerated E. E. Reiss, secretary-treasurer of the bank, of any blame in the alleged conspiracy.

Vice Presidency Is Post Sought By Grave Marker

(International News Service)

LEAVENWORTH, Kas., April 6.—Julius H. Textor, a local grave marker, has announced his candidacy for the Democratic nomination for vice president of the United States.

Textor declared that his campaign for the nomination will be closely modeled after the tactics which won nominations for the late William Jennings Bryan. It is his plan, he says, to enter the national convention at Houston, and stampede the gathering solely by his "oratory". Bryan's "Cross of Gold and Crown of Thorns" speech will be his guide, Textor said.

Crying-Creeping Essential Parts Of Baby's Makeup

(International News Service)

MINNEAPOLIS, Minn., April 6.—Crying, creeping and kicking are an essential part of the growth of any baby.

On this fact Dr. John E. Anderson, head of the University of Minnesota's child welfare department, and Dr William A. McKeever, also a Minnesota university child specialist, are agreed.

Crying, according to Dr. Anderson, is a part of the exercise which aids a child in growing physically, and, unless children cry excessively, parents need not get worried about.

Kicking is also a part of the process by which infants naturally develop, according to Dr. Anderson. Loose garments which will allow the child to kick vigorously were recommended by Dr. McKeever.

Creeping was described as an essential part of the child's development, and parents were warned against being "persnickety" about soiled dresses and mischief.

Crying, kicking and creeping are the "divine" rights of children," Dr. McKeever said.

ELLWOOD CITY, April 5.—Members of the Wurtemburg Community Club Choral society, under the direction of Mrs. Emmit Leibendorfer, will present an Easter program of music Sunday afternoon in the auditorium of the Wurtemburg Methodist Episcopal church.

The society contains about thirty voices, and the program will feature solos, quartettes and chorus numbers. Mrs. Elmer Blair and Carl Ketter will be featured soloists at the performance.

The program will start at 2 o'clock and all residents of Wurtemburg and community are invited to attend.

Presbyterian Choir To Render Famous Cantata By Shelly

Reception Of New Members At Morning Service At First Presbyterian Church

ELLWOOD CITY, April 6.—Members of the Presbyterian Quartette will render Shelly's famous cantata for Easter "From Death to Life" during the Vesper service Easter Sunday afternoon at 4:45 o'clock. Other special Easter numbers will also feature the program.

At the morning service at 11:00 o'clock Rev. A. M. Stevenson will formally receive a group of new members, and administer the Holy Communion. Regular Sunday school classes will take up at 9:45 a. m. There will be no sermon preached Sunday morning, merely a few words on an appropriate subject to accompany the Communion service.

Methodist Chorus To Present An Easter Musical

ELLWOOD CITY, April 6. — Sunday evening in the Methodist church, members of the chorus choir, numbering 18, will present an Easter Cantata entitled "The Thorn-Crowned King" under the direction of Mrs. Esther Griffiths. The music tells the story of the risen Christ, and solo numbers will be taken by Miss Ella Cox and Mrs. Derry Porter, sopranos; Mrs. C. P. Cloak and Miss Irene White, altos; Edward Spencer and Harold Burns bassos; Lawrence Fox, baritone and John Brown, tenor.

At the morning service Mrs. H. E. Helling, soprano, will contribute a soprano solo. A special sermon will be given by Rev. Little.

"The Crucifiction" Will Be Sung By Lutheran Choir

Early Morning Matins At 7 O'clock At Trinity Lutheran Church Easter Sunday

ELLWOOD CITY, April 6. — "The Crucifixion" a sacred cantata in several choruses and solo parts, will be rendered by members of the Trinity Lutheran choir Easter Sunday evening, at 7:45. The choir, which will be robed, numbers about thirty-three members. Solo parts will be taken by the Director Robert Taylor, P. W. Blocher and Mr. Holcomb, a guest basso from New Wilmington.

Early morning Matins will be conducted by the pastor Rev. L. J. Baker, at 7:00 Sunday morning. He will deliver a sermon on "The Victorious Life."

At 10:45 a. m. there will be the regular morning worship, at which time Rev. Baker will receive new members, and administer the Holy Communion.

The cantata in the evening will close activities of the Passion Week, with a climax of beautiful harmony and story of Christ's struggles just before His crucifixion.

The program for the evening service follow:

Prelude, "Hosanna"—Wachs.

Processional Hymn 131, "All Hail the Power of Jesus Name."

Opening Vespers—Page 40.

Psalm 1.

Gloria Patri.

Prayer.

Hymn 117, "Christ the Lord is Risen."

Scripture Lesson, Matthew 28:1-20.

Cantata "The Crucifixion" John Stainer

Choir.

Recitative (tenor) "And They came to a Place Named Gethsemane."

The Agony (bass solo, chorus, bass solo) "Could Ye Not Watch with Me one brief Hour."

Recitative (tenor and bass) "And They laid their Hands upon Him and took Him."

Procession to Calvary (chorus, tenor solo, chorus) "Fling Wide the Gate for the Saviour Waits."

Recitative (bass) "And when They were come to the Place called Calvary."

Hymn "The Mystery of Divine Humiliation" choir.

Recitative (bass) "He made Himself of no Reputation."

The Majesty of the Divine Humiliation (tenor solo) "King ever Glorious, the Dews of Deaths are Gathering round Thee."

Recitative (bass) "And as Moses lifted up the Serpent in the Wilderness."

Chorus "God so Loved the World."

Organ Offertory "At Evening" Kinder

Offering.

Offertory solo—"The Resurrection" —Thelma Powell Schenk.

"The Resurrection"

Recitative (tenor and chorus) "Jesus said: Father, Forgive Them."

Duet (tenor and bass) "So Thou liftest Thy Divine Uetition."

Hymn (choir) "The Mystery of Intercession."

Recitative (tenor, bass, chorus) "And one of the Malefactors which were hanged railed on Him."

Recitative (tenor, bass, chorus) "When Jesus therefore saw His Mother."

Recitative (bass) "Is it Nothing to You, All that pass By."

The Appeal of the Crucified (chorus.)

From the Throne of His Cross, The King of Grief,

Cries out to a World of Unbelief,"

Recitative (tenor and chorus) "After This, Jesus knowing all things were now Accomplished, Saith, I Thirst."

Hymn (choir) "For the Love of Jesus."

Benediction.

Recessional Hymn 93 "Go to Dark Gethsemane."

Silent Prayer.

Postlude, "March Romaine" Gounod.

"Judith" To Be Presented By Sunday School

ELLWOOD CITY, April 6. — A cantata entitled "Judith" will be presented by members of the Sunday school of the First Baptist church, assisted by members of the choir, Sunday morning.

The cantata is a song story, with intermingling choruses, duets and solos. At the close of each musical number a voice is heard explaining the continuation of the theme, but no pantomime is used. The scene of the cantata is laid in Joseph's garden. The entire number is written in an unusual manner and will be well worth hearing.

At the evening service there will be special music by the choir, and a large number of candidates for baptism will be baptized by immersion.

SURVEYOR SWINGS AXE KILLS LARGE BEAR

CLARKSBURG, W. Va., April 6 — Prescence of mind and the prompt swing of an ax, which cleaved the animal's skull, saved a party of surveyers from being injured by a big black he-bear, in woods near Flint, Randolph county, according to word received here by relatives from Lynn Allen, engineering firm, who was one of the party.

The bear appeared as if by magic from a large clump of bushes and made for Allen, who was in advance of the party. J. E. Godden of Elkins, grabbed an ax, ran forward and with unerring aim, plunged the blade into the animal's head, killing it instantly. Several other surveyors were in the party, including O. L. McAndrews, another Clarksburg surveyor. They have been surveying coal lands soon to be opened here.

Included in the costume of an African big game hunter, lecturing on the coast, was an old-fashioned quilted waistcoat, but no one thought to ask him where he had shot armchair.

The Meaning of Easter

Brass Tacks On The Sunday School Lesson

The Golden Text

By ALVIN E. BELL

Ten times the risen Saviour was seen by his disciples during the forty days between his resurrection and his ascension. Three of these appearances are mentioned in our Easter lesson.

How like a woman's love it was for these three women, Mary Magdalene, Salome and Mary the mother of James, to want to come to the tomb at the earliest opportunity to do over again the work of anointing the precious body of Jesus, which Joseph of Arimathea and Nicodemus had had to do so huriedly on Friday evening. No man can attend to such tender ministries to the satisfaction of a woman's notions of how it should be done.

How natural, to, that in their excitement they should have overlooked the problem of removing the stone from the tomb until they were almost upon it. But God had wonderfully taken care of this difficulty and removed it out of the way, as he so often does with the things that worry us before we get to them. The things we worry about most are the things that never happen: "Who shall roll us away the stone from the door of the sepulchre? And when they looked, they saw that the stone was rolled away: for it was very great."

The First Easter Message

Entering into the open tomb, they heard from the angelic guard of honor the glad tidings of great joy that make Easter the greatest of all days: "Be not amazed: ye seek Jesus, the Nazarene, who hath been crucified: he is risen; he is not here: behold the place where they laid him'. And what a convincing sight their eyes beheld! The grave clothes that had encased his body, lying undisturbed, and the napkin that was about his head, not lying with the linen clothes, but wraped together in a place by itself. From head to foot these cerements of the embalmers' art were in place as when they had held the precious body of the Lord. But now they were empty as the chrysalis from which the new life had emerged Gloriously empty! He is risen! He is not here! Come see the place where the Lord lay! Who could doubt in the presence of such evidence? This is why the angels said, "Come and see where the Lord lay."

Vision and Duty

After the angel's "Come and see" follows closely his "Go and tell'. This is always the order for the Christian. We cease to be Christians when we fail to share our privileges and blessings with others. And what a gospel of hope this was for that one of the apostles who needed it most, because of his base denial of his Lord, and who otherwise might have despaired of a second chance: "Go, tell his disciples, and Peter." If Judas had not already hung himself, might it not have read "and Peter and Judas?" Here is every penitent sinners' hope. "And Peter" means "and whosoever repenteth."

The Meaning of Easter

Easter means to the sinner that Christ's sacrifice for his sin is accepted by the Father, for "he is raised again for our justification;" to those who mourn the loss of loved ones who sleep in Jesus it means joy and peace and hope, for Christ is "the first fruits of them that sleep"; to all of us strugling under life's burdens it means adequate power of a living, present, helping Saviour within us communicating his victory to us, for he is "declared the Son of God with power by the resurrection from the dead." He lives, yes, more, "Christ liveth in me; and the life I now live, I live by the faith of the Son of God who loved me and gave himself up for me."

(The International Uniform Lesson for Easter is Mark 16: 1-20, the Golden Text being, John 14:10 "Because I live, ye shall live also.")

Harlansburg Girl Shows Improvement

Accident Victim Regains Consciousness At Hospital During Night

X-Ray picture taken of the head of little Betty Stinedurf of Harlansburg, struck and injured in front of her home Thursday morning by the machine of Mrs. Roy Seyfried of Toledo, O., shows a slight fracture of the frontal bone of the skull, it was stated this morning by attending physicians.

In spite of this fact, at the hospital this morning, it was stated that the little girl was somewhat improved, having regained consciousness during the night and also showing other indications of an improvement.

Unless unexpected complications arise, her complete recovery from the injury is now hoped for.

BIG EATERS GET ACID STOMACH

Take Magnesia to Neutralize the Acid and Keep Stomach Clean and Digestion Perfect

If you're a hearty eater; if you must have three big meals a day, eat them. But after each meal you should neutralize the dangerous acids that your food forms in the stomach, says a noted authority.

When your stomach is overloaded, the food contents soon sour and develop acid that practically paralyzes the stomach's activity long before the work of digestion can be completed. Then the stomach becomes weak and "cranky" and you are a daily sufferer from Indigestion, Gas, Sourness, Bloating and after-eating pains. Your appetite goes—you're sick and whirly—and what used to be the joys of a hearty meal become a menacing nightmare.

To quickly neutralize this dangerous acid; to cleanse and sweeten the stomach; to help the stomach take care of a hearty meal without pain or distress, go to your nearest drug store and get a little pure Bisurated Magnesia (powder or tablets) and take in a little hot water just after meals. You'll be surprised how nicely this pleasant treatment works.

Bisurated Magnesia, which can be found in all good drug stores, is a chemist's product, pure and unadulterated. A powerful anti-acid and stomach corrective. A simple, harmless, inexpensive and quickly effective treatment used by thousands of folks every day.

BABY CAUGHT UNDER AUTO FOUND NURSING

PUMMELSTOWN, Pa., April 6.—William Eyster and his wife worked frantically to free their two months old baby from the wreckage of their overturned automobile. The fact that the child did not cry led them to fear it had been killed. When the infant was finally freed it was found contentedly drinking from its nursing bottle, unscratched and uninjured.

E. R. G. CLASS

Miss Virginia Guy was hostess to the members of the E. R. G. class of the Mahoning Presbyterian church in her home on West Madison avenue Thursday afternoon. Eight were present. Special guests were Gay Anderson and Frances DeRoss.

During the afternoon the hours were spent in playing games. At a seasonable hour delicious refreshments were served by Mrs. E. W. Guy and Virginia Guy.

CHRISTIAN ENDEAVOR SOCIAL

The Young People's Society of the Madison Avenue Christian church had a social Thursday evening in the church basement. Seventeen members were present. During the evening the hours were spent in games and music. At a later hour refreshments were served. A most enjoyable time was had by all present.

Committee in charge of the arrangements for the event was comprised of Miss Lucille McGuire, chairman; Miss Luella McHattie, Miss Ethel Wagner and Manning Moore.

O. R. C. LODGE

Members of the Ladies' Auxiliary to Order of Railroad Conductors had their lodge meeting Thursday afternoon in the Clendenin hall. During the afternoon the routine meeting was conducted and business transacted.

Plans were made for a tureen dinner to be held preceding the next lodge meeting. Committee in charge is comprised of Mrs. C. E. Armstrong, Mrs. A. D. Hillman and Mrs. W. P. McGrath.

AT HARMONY

Miss Mary Stickle of West Madison avenue is visiting with relatives at Harmony, Pa.

RETURN HOME

Neyman McNally of Sixth street and Arthur Guy of Madison avenue returned home Thursday from a trip to New York City.

SIGNS OF SPRING

Many signs of spring are noticed the past couple of days in the seventh ward. People on the streets until late at night. Many more automobiles on the roads. Crocus in bloom. Many children playing out of doors without wraps. A baseball game in progress on the park on Liberty street Thursday afternoon.

Then the more practical signs are: people cleaning up their yards, trimming vines and shrubs. People getting ready to make garden, while some have started. Then one of the most important seems to be that housekeepers think the spring weather suggests housecleaning.

Impressive Service In M. E. Church

An impressive service was held on Thursday evening in the Mahoning Methodist church, when a candle light special Easter meditation service was conducted in the church and a candle light communion service was observed. Rev. David Daye Sleppy, pastor of the church, preached and there was special music. Singing was led by a chorus choir. Lighted candles had been placed along the sides of the church and around the pulpit. A large audience was present.

Today there is a three-hour service in the church. This service began at 12 o'clock and continued until 3 o'clock. The three hours were divided into half-hour services with different ministers to speak and special music. This evening at the service at 7:45 the pastor of the church will preach on the subject "The Voices From the Cross."

The special services will come to a close Sunday evening. Services have been conducted each evening this week in the church and several evenings last week.

Hundreds saw John Barrymore in "When a Man Loves" at the Crescent last night. Hundreds more will see it again tonight. Come early.—Adv. 1t*

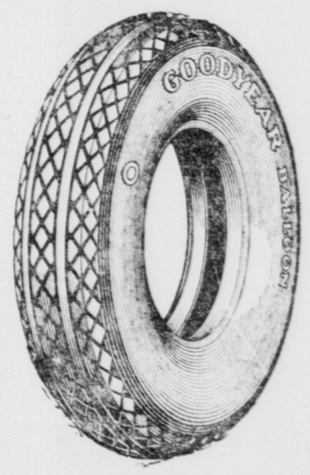
ALL THAT

"The Greatest Tire in the World"



and then some!

Some little time ago when Goodyear announced "The Greatest Tire in the World" we sat up and took notice.

Knowing Goodyear, that seemed to us a pretty sensational statement for such a long-established, solid company.

Now that we've seen the tire, tested it, and tried in vain to find something the matter with it, we add our bit to Goodyear's statement:

It's the most wonderfully designed and built tire we have ever seen. It's everything Goodyear said, and then some!

Come in and see just how this new specially-designed tread, and the Goodyear SUPERTWIST carcass, brings a new day in balloon tire performance. Get the 1928 tire.

Parole Officers Can't Get Fines

Mercer Man Blames Hard Times For Non Payment Of Fines By Booticians

MERCER, Pa., April 6.—You can't collect fines when they don't have the money, even if they are imposed by the court, is the opinion of Parole Officer Rev. W. T. K. Thompson of Mercer county.

The "hard times" prevailing in the county have affected materially the collection of fines and costs being paid by the month on the part of paroled bootleggers.

Of course, one day of good business at their former avocation would clean up everything, but that is impossible, for they are under the watchful eye of the court officer.

The officer reports 140 enrolled at the present time. He states that in his five years' experience he has never seen the payments made him as slow as at present, nor as much destitution as prevails.

Bootleggers are paroled in this county when they have served half their sentence, on condition that they pay their fines and costs.

Grove City Schools Closed For Easter

College And Graded Schools Will Open Again Tuesday Evening

GROVE CITY, Pa., April 6.—Grove City public schools closed Thursday afternoon for a short vacation over Easter, according to the action of the board of education at their meeting of last month. Vacation is granted for Good Friday and Easter Monday, which will give the school children a vacation of four days.

Grove City College closed for Easter vacation yesterday noon. Final classes were held yesterday morning and the vacation will be enjoyed until Tuesday morning, when classes will start at 7:40. Practically all the out-of-town students have left for their homes and the campus is once again temporarily deserted. Workmen will be busy during the next few days, taking advantage of the vacation in making minor repairs and repainting in the various buildings.

Many Lutherans In Pennsylvania

Forty Per Cent Of Lutheran Churches Of Country In Keystone State

BY GEORGE H. MANNING
(Washington Correspondent of The News).

WASHINGTON, D. C., April 6—Forty per cent. of all United Lutheran churches in the United States are located in Pennsylvania.

Of the 3,649 United Lutheran churches in the country, 1,443 are in Pennsylvania, figures just made public by the Department of Commerce, now conducting a census of religious bodies in this country, show. While the total number of churches through out the country has increased by 90 within the past decade, the number in Pennsylvania has decreased by 21 in the same period. The membership in all churches has increased from 763,596 to 1,213,944 in the last 10 years and in Pennsylvania the membership has jumped from 361,346 to 551,202.

New York State with 296 churches ranked second to Pennsylvania. These churches had a membership of 147,452.

The value of property owned by 3,515 United Lutheran churches, was placed at $114,525,048. Of this property $48,325,334 worth was owned by 1,422 churches in the Keystone state.

Total expenditures of all United Lutheran churches in 1926, was approximately $21,163,000, the Pennsylvania churches spending about $8,635,000 of this amount.

GIRL SCOUTS

CAKE BAKING CONTEST

The Leaders Association are having a Cake Baking Contest for all Scouts to be held Saturday, April 7th, in the vacant store room formerly occupied by the Gordon Hat Shop, on 22 East Washington street, next to Kirk and Hutton Co., Hardware store.

Minnehaha Troop

On account of the cake baking contest which will be conducted by the Girl Scouts of this city at 20 East Washington street on Saturday, April 7, the Minnehaha troop will not meet for their regular meeting Saturday.

All cakes are to be taken to the East Washington street store room at 11 o'clock. Mis Regina Popp is in charge of the contest. The judges are Mrs. William Cosel and Mrs. I. C. Brown. The cakes will be judged according to the texture, appearance and quality of the icing. Ribbons will be awarded to the fortunate contestants. The room has been attractively decorated with the Easter colors.

LEADERS' MEETING

At the recent meeting of the Girl Scout Leaders Association it was planned to have the monthly meeting the first Thursday evening of each month in the Y. W. C. A. Plans were also made concerning the management of the various troops for the summer.

Conspiracy Plot Against Soviets Has Been Foiled

Sixty Persons Are Implicated In Revolutionary Plot; Score May Face Death

(International News Service)

MOSCOW, April 6.—The veil of secrecy which has shrouded what is alleged to be one of the most dangerous revolutionary plots against the Soviet government in seven years, has been lifted sufficiently to disclose that the ringleaders of the Schachti district coal mining conspiracy in the Don basin, where members of one of the most distinguished monarchist families of the czar's regime, it was learned Thursday.

A score of the 60 persons implicated are almost certain to be convicted and sentenced to death.

The connection of six German engineers, two of whom have been released, has not been cleared up.

The prisoners are held at Rostov, where the Germans have just been interviewed by the secretary of the German embassy.

After the arrests by the GPU (Soviet secret police) the information was circulated that the prisoners were implicated in a "sabotage conspiracy" to hamper development of the coal mining industry in the Don basin. It was not until later that the political significance of the arrests became known.

The Presidency isn't a great strain on a man if he doesn't meddle in national affairs.

Slayer Is Given Stiff Sentence

(International News Service)

WILKES-BARRE, Pa., April 6.—In sentencing Ernest Cassiso to serve from ten to 20 years in the Eastern penitentiary for the slaying of his father-in-law, Joseph Cicero, Judge John V. Kosek Thursday told him he should have died in the electric chair.

In compliance with the verdict of second degree murder, returned by a jury several days ago, Judge Kosek gave Cassiso the maximum penalty. The defendant stood with bowed head before the court as sentence was pronounced. He was silent throughout the proceedings.

Trinity College Head Given Ancient Clock

(International News Service)

HARTFORD, Conn., April 6.—President Remson B. Ogliby, head of Trinity College here, has received from Dr. George Fitts, once a professor in Harvard medical school, a clock of ancient make that shows on its glass front a view of old Washington College, located where the state capitol of Connecticut now stands here, and later moved to the southwestern edge of the town and renamed Trinity College.

The clock was made in Waterbury and seems to have passed through many hands before "coming home" to Hartford. Dr. Fitts, in his home on Long Island, has an internationally known clock collection and the Trinity clock was once there.

Senate Will Probe Sinking Of Submarine

(International News Service)

WASHINGTON, April 6.—A sweeping inquiry into the S-4 submarine disaster will be undertaken by the senate naval affairs committee it was announced this afternoon by Senator Hale (R) of Maine, chairman.

Hale named a sub-committee of three senators to conduct the inquiry. The sub-committee comprised Senators Oddie (R) of Nevada, chairman, Stewart (R) of Oregon, and Gerry (D) of Rhode Island.

The inquiry will be held to determine whether the S-4 or the coast guard cutter Paulding was responsible for the collision that cost 40 lives. It also will go into charges that the navy was derelict in efforts to save sailors imprisoned aboard the sunken S-4.

Stolen Car Is Found Thursday

The 1927 Whippet coupe of S. C. Alexander, 428 Park avenue bearing Pennsylvania license number 568-098, which was stolen from in front of the McKees Kut Rate store on North Mill street last Friday afternoon, was recovered in Beaver Falls yesterday. Little damage was done to the machine, Mr. Alexander states.

Another thing the path of glory leads to in this banqueting country is dyspepsia.

Abandon Search For Witness In Sinclair Trial

James O'Neill Sought In Europe For Four Years By Secret Service Bureau

TOO LATE NOW TO APPEAR AT TRIAL

(International News Service)

PARIS, April 6.—After a four year search throughout Europe for James E. O'Neill, during which he eluded the keenest "man hunters" of the American secret service, the dragnet for the elusive American is relaxing for it is too late now to get him back to the United States for the Teapot Dome conspiracy trial of Harry F. Sinclair, which is scheduled to open in Washington on Monday. O'Neill was wanted by the United States government as an important witness in the Sinclair trial.

O'Neill has been regarded as the "missing link" in the government's chain of evidence to support the accusations that Sinclair was guilty of conspiracy to defraud the government in the Teapot Dome oil lease.

There have been few man hunts so dramatic and so fraught with material for "detective stories" as the trail for the missing witness.

Out of the maze of allegations around the leasing of the Teapot Dome Naval Oil Reserve to Sinclair by Former Secretary of the Interior Albert B. Fall in 1924, American federal authorities felt certain of one fact—to obtain conclusive evidence they must find Harry Blackmer and O'Neill, officials of the Continental Trading company.

On their first efforts to find Blackmer and O'Neill federal agents learned that the men had fled to Europe. In less than a month it was reported they were on a hunting trip in Africa.

Children's Chorus To Sing Cantata

"The Resurrection Message" To Be Sung In Emmanuel Baptist Church

An appropriate Easter program will be given in the Emmanuel Baptist church Easter Sunday evening at 7:30. The program will consist of recitations and music.

The children's chorus under the direction of Charles Richards will sing the cantata "The Resurrection Message."

The welcome speech will be given by Billie Vogan. Recitations will be given by the following: Jane Newell, Violet Daniels, Tommy Pritchard, Betty Lou Dugan, Dorothy Stevenson, Nick Hass, Juniata Lewis, Loretta Crouthers, Lewellyn Daniels, Sarah Merriman, Edward Pritchard, Blodwen Manns, Jackie McNeill, Bryn Nichols, Jean Stevenson, Billie Francis, Margaret Stevenson, Charles Mort, Elvira Bluedorn, Ruth Merriman, Louisa Mann, Philip Hass, Lena Napolian, James Pillifant, Millie and George Hass.

Songs will be sung by Bobbie Evans, Lew Badger, Eva Jones, Maria Jean Vogan, Ruth Merriman, Elvira Bluedorn, Ruth Hughes, Muriel Mort, Elizabeth Fleeger.

Those in charge are Miss Margaret Williams and Mrs. William Bluedorn.

Easter Services At St. Andrew's Church

Holy communion will be conducted in Saint Andrew's Episcopal church on Easter morning at eight o'clock. Festival eucharist at 9:30 a. m. Evensong at 7:30 p. m., followed by the presentation of the play "Bread", in the Guild room of the church.

Rev. G. A. Golding, priest in charge.

Deficit: Noun, meaning shortage. Ex: "The party treasury has a deficit." Antonym: Corruption.

If you really try, you can forgive everybody except the person who lends you money you don't intend to pay back.

Croton M. E. Choir To Sing Cantata On Sunday Evening

Twenty-Five Voices To Present "Our Living Lord" Under Direction Of Mrs. Bernard

Choir of the Croton Avenue M. E. church, augmented to 25 voices, will sing the Easter cantata, "Our Living Lord", written by Ira D. Wilson, on Sunday evening at eight o'clock, under the direction of the church chorister, Mrs. A. C. Bernard, with Mrs. C. R. Campbell at the piano.

The choir will be assisted by the Sunday school orchestra, directed by G. Earl Williams. On account of the illness of the pastor, Rev. T. W. English, Dr. F. S. Neigh, district superintendent, will preside.

The soloists of the evening will be Mrs. Harry Ent, soprano; Miss Violet Shuler, contralto; Rodger Francis, tenor, and E. O. Farver, bass.

Easter Services At St. Joseph's

Special Effort Being Made To Make Them Of An Elaborate Character

Easter, one of the principal days of the church year, will be most fittingly observed in St. Joseph's church, South Jefferson street, on Sunday morning.

The principal Easter solemnity, consisting of high mass, sermon and benediction, will begin promptly at 8:30 a. m. Sunday. The sanctuary will be illuminated by several hundred electric lights. The altar will be decorated profusely with Easter lilies. The text for the sermon by the pastor, Rev. A. J. Weisenberger, will be taken from the Psalmist, "This is the day which the Lord has made, let us be glad and rejoice therein."

The musical program will be special and with Miss Clare Duff, organist, in charge.

The program follows:

Prelude—Spring March, Suki.
Mass, by Bonner.
Offertory — Regina Codi-Alleluha-Cervi.
Benediction by Perosi. This composition was first rendered by the Vatican choir in the Sistine chapel.
Recessional—Christ Is Risen", by Warhurst.

A second service, a low mass and short sermon will be held at 11 a. m. This service will last but 45 minutes.

St. Paul's Lutheran Sunday School To Give Easter Program

Preparatory services will be held on Good Friday at 2 p. m.

"All college professors are narrow-minded asses," being translated, means: "I didn't get a college education and I'm sore about it."

No Fat In Love Scenes

Here's the right way to avoid it

In the Movies slender figures are required, because almost everybody dislikes excess fat. So in every circle. Fat mars beauty, health and vitality. Every modern style calls for slenderness. That is why men and women by the millions have banished overweight.

Some do this by abnormal exercise and diet. Others do it in the easy, pleasant way, in the modern scientific way—with Marmola prescription tablets.

Marmola is based on wide scientific research, on thousands of experiments. It supplies a substance which in the body turns food into fuel and energy rather than into fat. The formula comes in every package, also the reasons for results. This to banish every fear of harm, and to let you know just why fat disappears.

Marmola has been used for 20 years—millions of boxes of it. You can see the results on every hand. Doubtless some of your friends can tell you what it did for them. Now excess fat is nowhere near as common as it was.

Try Marmola, in justice to yourself. Watch the results for a little time, in reduction, in health, in vitality. Stop when you attain the weight desired. Then tell your friends about it. You can do no greater kindness to them if they overweigh.

Order now before you forget it. Few things are more important. Let this test show you the easy, the scientific way to reduce.

Marmola prescription tablets are sold by all druggists at $1 per box. If your druggist is out, he will get them at once from his jobber.

Modern Musical Easter Program At Trinity Church

Beautiful Setting For Sung Parts Of The Communion Given First Time In This City

Easter Day, because of what it commemorates, is one of the three greatest days of the Christian year, a Holy day of Obligation when all confirmed persons, after the most careful preparation, are expected to receive the Holy Communion, the service which the Lord Himself instituted. Three opportunities will be given in Trinity church at 7:30, 9:30 and 11:00 a. m.

At 11 o'clock, a beautiful, modern musical setting for the sung parts of the Communion Service by Haynes in F flat, will be rendered for the first time in New Castle; the anthem "As it began to dawn," by Dr. Geo. C. Martin, the famous organist of St. Paul's cathedral, London, is also new to the choir of the local Episcopal church; while in the evening, William Jones, tenor, will sing "Consider the Lillies of the Field," as the offeratory anthem. All is under the direction of Mr. Paul Browne Patterson, organist and choirmaster.

Organ prelude—"Easter Morn" Hallett.
Processional, hymn 170—"Come, Ye Faithful, Rise the Strain." Sir Arthur S. Sullivan.
Kyrie eleison—Haynes in E flat.
Hymn 179 (before the sermon)—"He is Risen" Neander.
Anthem—"As it Began to Dawn"—Dr. George C. Martin.
Presentation sentence.
Sursum corda—Haynes in E flat.
Sanctus—Haynes in E flat.
Agnus Del—Haynes in E flat.
Communion hymn, 178 — "At The Lamb's High Feast We Sing"—J. S. Bach.
Gloria in excelsis—Haynes in E flat
Post Communion, hymn 193—"Alleluia! Sing to Jesus"—S. S. Wesley.
Recessional, hymn 172—"Jesus Christ is Risen Today."—From Lyra Davidica.
Organ postlude—March—Guilmant.

At Evening Prayer, 7:30 p. m.

Organ prelude—Mendelsshon.
Processional, hymn 170—"Come, Ye Faithful, Rise the Strain." Sir Arthur S. Sullivan.
Gloria Patri—Goodson.
Magnificat—Standford in B flat.
Nunc dimittis—Standford in B flat.
Hymn 175 (sung kneeling) "Christ the Lord is Risen Today." Wilkes.
Hymn 173 (before the sermon) "The Strife is O'er"—Palestrina.
Offeratory, tenor solo—"Consider the Lillies of the Field"—J. P. Scott. Mr. William Jones.
Presentation sentence—Beethoven.
Recessional, hymn 172—"Jesus Christ is Risen Today."—From Lyda Davidica.
Organ postlude—"King of Glory" Yon.

Acquit Widow Of Murder Charge

Mrs. Angeline Bove, 21, Given Freedom By Pittsburg Jury

(International News Service)

PITTSBURGH, April 6—Mrs. Evangeline Bove, 21-year-old mother of two children, was acquitted Thursday of the charge of murdering her husband, Alfonso, 37, restaurant proprietor, when a jury of four women and eight men in criminal court here returned a verdict of not guilty after deliberating only 25 minutes.

Ask Wives Prepare Meal, Husbands Plea Before Court Judge

(International News Service)

KENOSHA, Wis., April 6.—A group of "starving" husbands tearfully pleading to a judge here to send back their wives to do the cooking caused a jury disagreement in a murder case.

A jury composed of six men and six women debated sixty-eight hours over the fate of Frank Dichiara, accused of slaying Luigi de Count because the latter was alleged to have been too friendly with his wife.

Six husbands ate canned beans, sardines and the delicatessen store products for more than two days. In a body then they appealed to Judge E. B. Beldon to send them back their wives. Judge Belden, probably something of an epicurean himself, agreed and the jury was dismissed.

HIT BY BUS WOMAN IS BADLY INJURED

BRIDGEWATER, Pa., April 6. — Mrs. Anna Vogel, 54, Leopard lane, is in the Rochester General hospital with a badly fractured right ankle, sustained when run down at Bridge and Mulberry streets by a large passenger bus owned by a Union Transit Company, Steubenville, Ohio.

She was crossing the street to board a car at the time. Theodore Mowray, Steubenville, Ohio, assisted in helping her to medical attendance.

Start Probe Of Charleroi Fire And Explosion

(International News Service)

CHARLEROI, Pa., April 6.—An investigation was under way here today by fire authorities and police to determine the cause of an explosion which wrecked the Castellana building, in the business district, and caused fire which did damage estimated at $6,000.

The M. A. Batykefer family, on the second floor of the building, was forced to flee. Mike Kotcella, proprietor of a meat market on the main floor in which the blast occurred was unable to give police any explanation.

Thousands call this test "The most important step of my life!"

NONE of them realized, when they made this simple change in diet, what far-reaching influence for good it would have. You, too, may be skeptical until you make the test.

But do as these others did—and see! Eliminate caffein from your diet for thirty days—drink Postum with your meals instead. Then judge!

Amazing results!

These others found that, with Postum as their mealtime drink, sleeplessness vanished. They slept soundly, naturally. Nervousness, too, disappeared, and with it, headaches and indigestion. They became more alert at work, happier at play. Where they had been, unconsciously, half-sick before, they were now gloriously well!

Nor did they miss anything in mealtime enjoyment! They found that Postum has a distinctive flavor all its own—a rich, full-bodied flavor that millions prefer to that of any other drink.

Order Postum today—start the 30-day test! See what a difference it makes in the way you feel—in the way you look! Your grocer has Postum in two forms—Instant Postum, prepared instantly in the cup, and Postum Cereal, the kind you boil. Both are made of roasted whole wheat and bran—no trace of any artificial stimulant in them. Both cost much less than most other mealtime drinks.

"LAXA GINGER SNAPS"

The Universal Food Laxative

"THREE-A-DAY KEEP ILLNESS AWAY"

Children love Laxa Ginger Snaps

Remember how you, as a child, hated castor oil and "salts"? If only there had been a delicious, effective and harmless laxative—such as Laxa Ginger Snaps—in those days.

They taste SO GOOD that children beg for them. This tasty food laxative moves the bowels of the little ones GENTLY, but SURELY—without the least griping. It brings the sparkle into their eyes—the glow of health into their cheeks. One or two LAXA GINGER SNAPS a day for the children—and constipation worries are a thing of the past.

"HEADACHES"

Men and women who work in stores, offices and shops—denied fresh air and exercise so necessary to perfect health—are frequent sufferers from headaches. It manifests itself, at first, in a feeling of lethargy and dizziness—nothing serious, the sufferers tell themselves. But, if neglected, these slight ailments are forerunners of serious complications. Millions today are feeling "headachy", sluggish, inefficient, because their systems are being poisoned by constipation.

But today thousands upon thousands of people are PREVENTING headaches by eating LAXA GINGER SNAPS and keeping their systems purified and free from poisons.

Everyone who suffers from "Constipation" should at least investigate Laxa Ginger Snaps.

"Pride Of New Castle" Ready To Take To Air

If everything goes according to plans, the first tryout flight of the Pride of New Castle, airplane owned by the New Castle Aircraft corporation, will take place late this afternoon or early Saturday morning from the Harlansburg road airport, according to a statement made this morning by Jack Crowl, president of the corporation.

Workmen today are working feverishly at the airport site, removing trees and stumps so that a level runway can be made. If this work is completed this afternoon, Pilot Ed. Schultz will take off in the first preliminary flight. The next flights will take place Saturday morning, in which the plane will be put through a series of tests to demonstrate its air worthiness.

Mr. Crowl is especially anxious to get his plane in the air before the arrival of Clarence D. Chamberlin, who will come to New Castle April 12 to deliver a servise of lectures on aviation and to be the guest at a community banquet. The Pride of New Castle will be one of the airplanes which will form an air circus to greet the aviator.

First Christian Choir Will Give Easter Cantata

Choir Of Fifty Voices Will Sing In Program Sunday Evening

Easter Sunday evening at 7:30 the choir of the First Christian church, under the direction of Richard E. Johns, and with Miss Marie L. Snyder at the organ, will sing "The Glory of the Garden," an Easter cantata by Dr. Adam Geibel. As a prelude to the cantata, the Castle Singers, who will assist the choir, will sing a quartet arrangement of "Open the Gates of the Temple" which has been secured for this occasion, and as a postlude the choir will sing "King, All Glorious", one of the fine anthems composed by Barnby. The choir will also be assisted by Jesse W. Heckart, violinist.

The choir for this occasion will be augmented to about 50 voices. A ladies' sextet will be featured, and solo parts will be taken by Miss Mildred Hart, Miss Ruth Stanley, Miss Sara Swan, Miss Lila V. Henshaw, Mrs. T. M. Donnelly, E. D. Marvin, Harry Masters, J. O. Stritmater, George Authony and Harry Evans.

The program follows:

Quartet prelude, "Open the Gates of the Temple."

Organ prelude, "Meditation—Easter Even."

Chorus, "Tis Eventide."

Recitative for baritone, "Now Upon the First Day."

Ladies sextet, "Who Shall Break the Seal?".

Duet, "They Have Taken Away My Lord."

Chorus, tenors and basses—"And When They Looked."

Full chorus—"Come Forth," "Where, O Death, is Thy Sting?".

Recitative for bass, "And When the Women Entered the Sepulcher."

Chorus, "Seek No More Among the Dead."

Recitative for soprano, "But Mary Waiting Stood."

Solo for mezzo-soprano, "Thy Resurrection Morn I Greet."

Duet for tenor and bass, "Abide With Us."

Soprano solo with violin obligato, "Hail! Happy Morning."

Chorus, "I Am the Resurrection," "Now is Christ Risen."

Offertory, violin and piano, "Ave Maria"—Schubert.

Choral postlude, "King, All Glorious."

Organ postlude, "Easter."

Mining Company To Seek Injunction Against Pickets

(International News Service)

PITTSBURGH, Pa., April 6.—Counsel for the McClane Mining Co., today stated the company will again make application to common pleas court for an injunction restraining Pat Fagan, president of District No. 5, United Mine Workers of America, and 17 other men, from picketing at the mines of the concern near Carnegie.

The Counsel said compliance would be made with orders of the court to notify the defendants of the impending action. The court refused to hear the original application yesterday, because Fagan and the 17 others had not been notified.

Arrest Of Three On Murder Charge Exonerates Widow

Three Men Under Arrest For Slaying Of Saloonkeeper; Widow Released

(International News Service)

PITTSBURGH, April 6.—Three men, one of whom was said by detectives to have admitted firing the shot which killed John Spehar, saloonkeeper, were under arrest today, charged with murder.

Mrs. Mary Spehar, the saloonkeeper's widow, has been exonerated of all blame, according to officials. She had been arrested following the killing March 4.

The alleged confession was made, police said, by Tony Marino, 21, and in it he was said to have admitted firing the fatal shot. Eugene Gray, Sharpsburg, and Mike Ward, Lawrenceville, accused by Marino of having aided him, were under arrest.

The arrest of the three men the result of a remark made by a prisoner in the county jail that he knew who staged the holdup and that "it was a shame to let the wife suffer for it." This was overheard by detectives and the man was questioned.

Mrs. McConagha Calls For First Practice Of Westminster Students

(Special To The News)

NEW WILMINGTON, Pa., April 6—Mrs. Mary C. McConagha, director of pageantry at Westminster, has called the first general gathering of May Day characters for tomorrow afternoon in the college gymnasium.

While this year's spectacle will not be so pretentious as that of last year, and while there will be but 200 in the cast instead of more than 400, as was the case last May, this year's pageant will nevertheless entail considerable work for those in charge.

The general theme for the pageant will be Shakespeare's "Midsummer Night's Dream". Groups of girls in various tableaux and dances representing clowns and fairies, and groups of men taking the part of brownies and sprites will fill in the program, but the general theme will follow that of Shakespeare's play.

Miss Helen Hastings of Bradford, last year's May queen, will again take an important part in the pageant, and among other things will bestow the crown upon Miss Phyllis Coley of Cochranton, this year's May queen. Miss Hastings and Miss Coley are sorority sisters in Pi Rho Phi sorority.

"The air is the only satisfactory way to travel long distances," said the young woman who flew from New York to Florida just before taking the train back to New York.

Back Seat Driving Is New Course

(International News Service)

KANSAS CITY, Mo., April 6.—When to scream "look out" at their husbands and when to remain silent, are one of the things taught women of Kansas City in a new motor car driving school.

The women also are being trained to handle the wheel and, in addition, to make minor repairs and supervise those being made by mechanics.

The school is operated by the Kansas City Safety Council and a group of club women interested in proving that women are more skilled as motor car drivers than are men.

Says Risk Too Great In East-West Flight

British Air Minister Opposes Non-Stop Flights From Europe To America

Need Planes With More Endurance In Order To Accomplish Tricky Flight

By CHARLES A. SMITH
International News Service Staff Correspondent

LONDON, April 6.—The risk involved in a non-stop flight over the Atlantic from east to west at the present time is too great to make the effort worth while, in the opinion of Sir Samuel Hoare, British Secretary of State for Air.

Service flights made with the object of creating speed records are useful because they benefit aviation generally, Sir Samuel believes.

"While we must not under-rate the courage of those brave persons who have lost their lives in Atlantic flights, we must ask ourselves whether these efforts to fly from east to west are wise," declared the British air official.

"Personally I consider it unwise for any one to attempt to cross the Atlantic from east to west until we have machines of greater endurance at our disposal.

"Year by year we are making a steady advance," continued Sir Samuel. "But now, as always, the way of human progress has its tragic side. We are marching along to victory and to conquest of the air. But many a gallant airman loses his life in that advance."

Vandenberg Sworn In As Senator To Succeed Ferris

(International News Service)

WASHINGTON, April 6.—Arthur H. Vandenberg, newspaper publisher, a Republican, was sworn in Thursday as Michigan's junior senator to succeed the late Senator W. N. Ferris, Democrat.

The oath was administered by Vice President Dawes.

His taking office gave the Republicans a paper majority, the senate lining up with 47 Republicans, one Farmer Laborite, 45 Democrats and three vacancies.

Vandenberg credited his appointment to the "newspapers of Michigan."

Who remembers th' good ol' days when a spring fever sufferer could get real enjoyment out o' th' malady, even when crossin' a street?

Optimist: "Gosh, I hate to go to bed." Pessimist: "Gosh, I hate to get up."

"Work And Laugh" Depew's Formula For Long Living

Late Chauncey Depew Very Active For Advanced Years, Lived Right Life

(International News Service)

NEW YORK, April 6.—"Work and Laugh," was Chauncey M. Depew's formula.

"Let me talk to a man for five minutes and I can tell you whether he will live to 95," he said.

"If I have lived longer than others," he told an interviewer a short time before his death, "it has been because I had the will to be wiser than others. Take eating, most people eat what they like; I eat only what likes me."

For years Mr. Depew had not touched alcohol or tobacco. He was, therefore, an auto-prohibitionist. Speaking of smoking he once said: "I once smoked as many as twenty five cigars a day. I smoked my way through books, business and banquets. My idea of a regular rest was a big, fat cigar.

"Finally, I decided that this orgy must end. The place to cut off a dog's tail is just behind his ears. There is no such things as gradually breaking a habit. I simply stopped smoking."

"There was a considerable drinking contingent down at Washington in my day. There also was a most persistent covey of 'cut-ins' who hung around places where certain senatorial gentlemen were wont to drop in for a little nip. The game was to wait until a likely buyer happened along, then stroll in and join the party. I saw so many brilliant gentlemen dulled by over-indulgence in liquor that I figured out a way to keep clear. It was champagne.

Monkey Aids With Chores On Farm

(International News Service)

REPUBLIC, Kas., April 6.—A monkey is being used as a helper on a farm near here and according to the farmer, William H. McClure, the animal is about the best hand he ever has had.

McClure declares his assistant feeds the hogs, keeps chickens from the garden, run errands and is fast learning to pitch hay.

Another farmer in the vicinity uses a full grown elephant in his work. He declared the elephant replaces several teams of horses in moving heavy loads.

FORMER BUTLER MAN DIES OF INJURIES

(International News Service)

CLARKSBURG, W. Va., April 6.—Injured a month ago when his auto plunged over a 30 foot embankment, George B. Witherup, 61, oil operator formerly of Butler, Pa., died in a hospital here Thursday.

He leaves his widow who was with him in the accident but was uninjured.

You wonder what your actual social cast is? Well, you are on a level with those who can get your goat.

LIGHT and POWER PROGRESS

IN a half century of existence the electric public utility industry has reached the point where it is now serving 21,700,000 customers, generating 75,100,000,000 kw.-hr., and supplying 16,000,000 horsepower for factories for a gross revenue of $1,783,000,000.

The growth in the last 25 years has been remarkable, developing from three million electric horsepower in 1902 to thirty-three million electric horsepower in 1927, now representing a total investment in the industry of nearly $9,000,000,000.

These figures give some idea of the immensity of this industry which provides for cities, homes, and manufactories services and conveniences which only electricity can render.

Governor Smith Gains Strength, Primaries Show

Estimate Governor Al Smith Has 248 Delegates Already Pledged To Support Him

HOPES TO HAVE 734 BY CONVENTION TIME

By GEORGE R. HOLMES
International News Service Staff Correspondent

WASHINGTON, April 6.—Democratic leaders who are anxiously following with pad and pencil Gov. Al Smith's progress through the primaries and state conventions thus far held estimated today that if he can maintain his present pace he will get the 734 votes necessary to nominate him for the presidency at Houston.

Some of them do not believe Smith can maintain the rate of progress he has thus far made, pointing out that most of the states which have already acted constitute very friendly territory. Others, however, believe he can and cite figures to substantiate their claims.

In any event, Gov. Smith today has 248 delegates either pledged or instructed for him—with two-thirds of the country yet to be heard from. This is seven more votes than he had on the first ballot at Madison Square Garden four years ago.

The 248 votes already pledged or instructed for Smith came from 13 states and territories that either thru primaries or state conventions have expressed their Democratic presidential preference. They are Arizona, Idaho, Louisiana, Maine, Michigan, Minnesota, New Hampshire, New York, North Dakota, Wisconsin, Alaska, Philippines and the Virgin Islands.

Negro Slayer Is Put To Death In Sing Sing Chair

(International News Service)

SING SING, N. Y., April 6.—The Sing Sing prison cell which Frank ("Dixie") Baldwin, 22, occupied for more than 15 months was empty today. The negro was executed last night for the murder of John Dickinson, a farmer of Ovid, N. Y. Eleventh hour efforts to secure a stay of execution for Baldwin at Syracuse, N. Y., were unsuccessful.

During his long wait in the death house no friends or relatives called to see the negro, but other convicts befriended him. Henry Judd Gray left Baldwin a small sum of money before he was executed with Ruth Snyder for the murder of the latter's husband.

Baldwin went to his death calmly.

AGED MAN REGAINS HEARING ON FLIGHT

WASHINGTON, April 6.—Colonel John K. P. Scott, of Gettysburg, Pa., an 84-year-old veteran of the Civil War, stepped out of an airplane at Hoover Field here, exclaiming in high glee that he had regained his hearing while in the air.

"I don't have to read your lips any more," he told Joseph H. Himes, Washington clubman, who met him at the field. "We were up 2,000 feet when I felt my eustachian tubes open."

Grove City Clubs To Have Meeting

Commercial, Kiwanis And Rotary Will Be Hosts To Rural Men Of Community

GROVE CITY, Pa., April 6.—Three Grove City organizations, the Commercial Club, the Rotary Club and the Kiwanis Club, will be hosts to the farmers and rural men of the vicinity at a big rural meeting, to be held here within the next month. A general committee composed of E. B. Harshaw, of the Commercial Club, R. L. Montgomery, of the Rotary Club, and G. H. Crowther, of the Kiwanis, has been appointed to work out a program and make final arrangements for the special meeting.

The Grove City Rotary Club held a similar meeting, with the rural men as their guests, last year, and the event was such a success as to inspire much bigger plans for the occasion this month. It is expected that every farmer in the vicinity will have the opportunity to attend the meeting, and the program will be arranged so as to interest all. If possible, the committee will secure a speaker from the State Department of Agriculture. Further plans and the announcement of the date of the meeting will be made by the general committee in the near future.

Special Speaker At Adventist Church

Elder W. P. Christoff of Erie will discuss the theme "Petering Put or the Fallacy of Following Peter" at the Seventh Day Adventist church Saturday, April 7, at 2 p. m. over the Union store, No. 33 East Washington street.

All those attending are asked to take their Bibles.

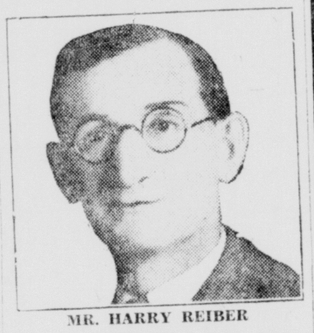
"I SLEEP FINE AND FEEL LIKE DIFFERENT MAN"

Another New Castle Citizen Finds Way To Health By Using Famous Ten Herbs

"After using Ten Herbs, I sleep fine and feel like a different man," was the statement of Mr. Harry Reiber, 1724 East Washington Street, New Castle, to the Ten Herbs Man, who is at Eckerd's of New Castle, Inc.,



MR. HARRY REIBER

30 East Washington Street, this city, where he is daily demonstrating this celebrated herbal medicine.

"I used to have a very bad stomach," continued Mr. Reiber, who is a pipefitter. "The gas on my stomach was very distressing, and I had to be careful what I ate. I had pains in my back. My skin broke out in spots, and I was troubled with neuralgia. There were pains in my neck, and at times I had dizzy spells, as my liver was disordered. My nerves were unstrung, and I did not sleep well. I was troubled with constipation all the time. Riding in an automobile gave me pains all through my body. I even had my teeth extracted, but that did not help my condition.

"A friend advised me to try Ten Herbs, and the third bottle convinced me of the merits of your medicine. I can eat three good meals a day, and sometimes it seems as though I cannot get enough to eat, my appetite is so good. I never have any more gas on my stomach, and my bowels are regular. The pains are gone from my neck and back, and my kidneys are working properly. I do not have any more dizzy spells, as my liver is in good condition. Automobile riding does not even tire me now. I gladly endorse Ten Herbs to the public."

Everyone should take Ten Herbs in the spring. Its wonderful herbal ingredients purify and enrich the blood by cleansing the entire system, toning up the stomach and kidneys, and regulating the liver and bowels. Ten Herbs prevents spring lassitude, as it seems to impart new life and vigor over the whole body. It has helped many others in this section and why not you?

The Ten Herbs Man is at Eckerd's of New Castle, Inc., 30 East Washington Street, this city, where he is daily meeting the public and explaining the merits of this medicine. Free sample given.

AVIATION DAY in NEW CASTLE

THURSDAY, APRIL 12

Never before in history has the interest of the world been concentrated on a growing industry as it is at present on Commercial Aviation.

The service that aircraft can render civilization is beyond the comprehension of man. Having shown its terrific speed and proved its ability to fly into foreign countries almost overnight, where it takes days and nights to travel by other means, we are as yet unaware of the possibilities of aircraft and are awed by past performances.

What will be New Castle's position in aviation?
Do we appreciate the value of an AIRPORT?

Other cities have assumed leadership as this infant industry continues to grow in great proportions.

Gigantic Railroad Deal Goes Through

Powerful Railway Executives Agree Upon Four-Trunk Line System

Negotiations For Big System Put Across By Otto Kahn When Plan Seems Failure

By JAMES L. KILGALLEN,
International News Service Staff Correspondent

NEW YORK, April 6.—Regrouping into a four-trunk line system of railroads worth from $5,000,000,000 to $10,000,000,000 and operating more than 50,000 miles of trackage, was reported today to have been agreed upon by powerful railroad executives after a series of meeting held behind closed doors in this city.

The agreement was reached only after a threatened break between L. F. Loree, sponsor of a fifth trunk line between east and west, and the railroad officials who favored the four-trunk system. The break was averted by Otto H. Kahn, a member of Kahn, Loeb and Company, bankers for Loree and his proposed system.

After negotiations had apparently failed, Kahn called another meeting at which the agreement was reached. It was said on seemingly credible authority that the plan calls for four trunk lines, and not five, and that the plan as finally presented was satisfactory to Loree. Under the plan, it is understood, Loree's Delaware & Hudson is assured of access to the West.

The agreement marks a long step forward toward consolidation of the eastern lines, but it does not mean that this goal—which railroad executives have been working on for months has been achieved. The Interstate Commerce Commission must pass on the final plans and their hearings probably would require six months. The minority stockholders must be given opportunity to raise objections to the merger, if they have any to make, and the interests of individuals and communities must be given consideration.

Boy Scout Band Plays At Circus

Will Assist Y. M. C. A. Saturday At Request Of Secretary Meermans

Saturday afternoon beginning at 2 o'clock the Boy Scout brass band, under the direction of Leader Harry Truschel and Assistant Leader Fred Brewster, will play for the afternoon performance of the Y. M. C. A. circus.

The scouts are doing this as a good turn to the Y. M. C. A. and to return the courtesy and kindness of the Y to the Boy Scouts at the time of their circus, which was held recently. The scouts are ever willing to perform any act for the benefit of others and they were very glad to have received the support of Robert L. Meermans, general secretary of the Y. M. C. A., to assist in their program by furnishing the music.

All members of the band are requested to be present promptly at 2 o'clock at the Y. M. C. A. Saturday afternoon with instruments and proper equipment and uniform.

New Castle Party At Washington

By GEORGE H. MANNING
Washington Correspondent Of The News

WASHINGTON, D. C., April 6.—Mr. and Mrs. O. J. Sheaffer, the former a teacher in the New Castle senior high school, are chaperoning 12 high school students on an Easter season visit to the capital.

The group called at the office of Congressman J. Howard Swick of Beaver Falls, who arranged for the students and teacher to shake hands with President Coolidge at the White House. In addition to taking a sight-seeing trip about the city, the students spent an afternoon looking in on the senate and house of representatives in session.

ARREST NOT MADE AT MAXEDON HOME

The recent arrest of James Maxedon and O A. Schwartz, recorded at the police headquarters as having been made at the Maxedon home on State street, was not made at the home, according to Mrs. Maxedon, but on State street.

Sabbath School Workers To Meet

Plans Being Made For Big County Gathering Here June 7

REV. McALLISTER TO BE CHIEF SPEAKER

The executive committee of the Lawrence County Sabbath School association met at the parlor of the Y. W. C. A. Thursday evening with the president, Robert M. Strickler, Jr., presiding. The chief matter under discussion was the coming county convention which is to be held at the Scottish Rite Cathedral Thursday, June 7, and representatives from the various sabbath schools of the city were present to help plan for this big Sabbath school event.

The convention will consist of a morning afternoon and evening session. The morning session will sound the keynote of the convention the motto being, "The way, the truth and the life" and the convention sermon will be delivered by Rev. C. J. Williamson, pastor of the Highland U. P. church of this city. At noon there will be a cafeteria luncheon served in the dining room of the cathedral, this being especially for those from the county outside of the city.

At the afternoon session there will be a rally of the women's adult classes of the county and they will meet at the cathedral and march in as a body. The evening session will also have a rally of the men's adult classes of the county, and they will also sit together as a body. At both the afternoon and evening sessions the public are invited to be present as there will be plenty of room in addition to the space occupied by the rallies.

At six o'clock, between the afternoon and evening sessions, there will be a christian fellowship banquet for twelve hundred of the Christian leaders of Lawrence county. This will be a happy occasion and there will be short addresses, music and group singing led by John W. Owens. Mr. Owens will also have a big chorus choir at all sessions of the convention, and the singing and music will be fully as inspirational as at the state convention here last fall.

The inspirational speaker for the afternoon and evening session will be Rev. F. B. McAllister, of Royal Oak, Michigan, formerly pastor of the First Baptist church of this city. Rev. McAllister has a host of friends in New Castle and it will be a special treat to hear him deliver his enthusiastic messages. There will also be two staff members of the Pennsylvania State Sabbath School association and other specialists.

CHARGE BOYS WITH RECKLESS DRIVING

Last night about six o'clock, Officer Dukes brought into the police station two boys, Fred and Abraham Alley, who reside near Savannah school, R. D. No. 7.

He caught the boys driving a horse and buggy west on Reynolds street, at Mill street. The boy driving was doing so in a reckless manner and narrowly averted running into a motor vehicle.

The boys claimed to have had the horse for three days. It had no shoes on it. The boys were ordered into police station this morning and, on their appearance were warned against such actions in the future and were then allowed to go.

TO know the resonant depths of Chaliapin's voice; the mellow beauty of Casal's violincello; —your Receiver must be able to bring out all the lower range of the musical scale.

Proper reproduction of low notes and heavy passages of music requires strong electrical current and a Receiver must have units of great capacity to handle such current. Material of this kind naturally has greater weight—and it is the massiveness of these heavy capacity units in a Stromberg-Carlson which makes the Receiver so heavy.

The Stromberg-Carlson shown in the illustration weighs about 250 lbs. No wonder that its tone quality is so superbly beautiful.

Miss Elizabeth Vight, of Laurel Boulevard, complained about 11:30 o'clock last night, that she was afraid to go home because Frank Rossi, she said, had threatened her with a knife. Accompanied by Detective J. Young, Officer Thompson and Policewoman Mrs. McKibben, she returned to her home and Rossi appeared on the scene with a butcher knife and flashlight. He was arrested and this morning was placed in the county jail pending an investigation.

The Diary of a New Yorker

by CLARK KINNAIRD

Exclusive Central Press Dispatch to New Castle News

NEW YORK, April 6.—What has become of the Stage Door Johnny? He seems to be extinct here. The other evening, at closing time, I stood in front of the New York Times annex, in Forty-third street, where I could watch the stage doors of three theaters. In one of them there is a Ziegfeld show, in another a George White musical comedy, which means that plenty of beauteous chorines depart from these theaters after performances. At the Ziegfeld door there were two bystanders, neither of which wore a top-hat or held boquets. At the George White show exit and the third theater no interest was displayed in the departing actresses. Not a limousine was in sight.

The girls issued forth in twos and threes. Most of them live in apartments or hotels in the theatrical district and they go home unescorted, without fear of annoyance. Police have made the Times Square district a safe place for women to be alone at night. A 'masher' doesn't survive there long. Only a few of the departing chorines were accompanied by men members of their companies. Chorus girls and chorus men do not mix. The latter are without esteem in the theatrical world.

* * *

The Stage Door Johnny is passe, probably because the modern member of a show ensemble is of a much higher caste than her predecessors. She isn't attracted by invitations to suppers and gay parties from strangers. The outstanding chorus girls, which naturally are the ones the Johnny would want to date up, earn at least $100 a week. They may also appear in a night club and earn $50 or $100 a week more. They are able to buy their own suppers, if they eat any. (Many of them do not, for fear of added weight.) This type of girl is also in demand as a model for advertising illustrations, or for artists. Naturally she has a great deal of respect for herself.

There is plenty of whoopee-making on Broadway by girls, but not by chorus girls. They can't keep late hours, their figures and their jobs at the same time. A woman's leg no longer is a novelty, and a chorus girl has to be able to sing and dance and do specialties. She has to get up mornings to take lessons or practice.

An idea of what the modern chorus girl is like is given by a rigidly enforced rule against swearing backstage in Ziegfeld theaters.

A barber somehow learned that one of his customers was an artist, and asked him to draw him a picture.

"If it's funny, I'll frame it and put it in the shop," he promised by way of reward.

His customer was Rube Goldberg, world famous cartoonist.

* * *

The loneliness of old age has no terrors for Mrs. Catherine Stewart, 94, who outlived all of her nine children. She spends most of her hours each day in her house in West Ninety-third street, painting. She learned to draw when she was 60, and now has 200 of her own pictures in the house. Art dealers have taken some of them. She is thinking of making a sketching trip this summer.

She likes best to do landscapes. "I get ideas for pictures wherever I go," she says.

Indiana Police Chief Believed Record Holder

(International News Service)

NEW ALBANY, Ind., April 6. — New Albany has a new chief of police of mammoth proportions.

He is William "Punch" Martin, 65, who weighs 325 pounds.

The nickname "Punch" was given Martin for his pugilistic ability. Two years ago when a man who weighed nearly as much as the chief refused to submit to arrest, Martin punched him in the jaw once. That punch meant three months in a hospital for the man hit.

Martin has been in the police department for 26 years. He was elected chief to succeed William S. Perry, who died suddenly from acute indigestion.

Big Archway To Honor Aviator

"RELIGION AND HOPE"
Good Friday
"Hope Through the Cross"

SCRIPTURE: Memory verse: "For God so loved the world, that he gave his only begotten Son, that whosoever believeth on him should not perish, but have eternal life" (John 3:16).

Read: Isaiah 53.

MEDITATION: This is Good Friday. We hold before us the cross. The symbol of death has become to us the symbol of life and hope. It brings us the assurance of divine help in our extremity. A traveller in the mountains of Albania speaks of an overhanging wayside cross which tells travellers "of the help of God for weary men." The cross stands for the central fact or religion, the suffering good will of God for the poorest and meanest of mortals. The crucifixion of Jesus has become hope for us all. In His death we have found courage and salvation. The cross marks the way that leads to victory.

"O Cross that lifted up my head,
"I dare not ask to fly from Thee;
"I lay in dust life's glory dead,
"And from the ground there blossoms red
"Life that shall endless be."

PRAYER: Almighty Father, we would know the beauty of that life and death which this day commemorates. May the spirit which led our Saviour to the cross descend upon us now and fill our hearts with the love of God and man. Amen.

Samuels' Teams Ready For Drive

Names Forty Workers Who Will Hustle For Members Of Y. M. C. A.

Each division in the organization having four captains and 40 team members, a full quota of members for the different teams for the Y. M. C. A. membership drive, which begins Monday, April 9, has been turned in by Alex Samuels, chairman of the Young Men's Division of the Y, according to an announcement made today by Robert L. Meermans, general secretary of the Y. M. C. A.

In the intensive two day round up of new members and renewals of old memberships, Mr. Samuels has reported that his teams are all ready for action. Honors for securing the most memberships will go either to Mr. Samuels' division, or that headed by John C. Leonard, boys' secretary at the Y. M. C. A., Mr. Meermans believes.

Following are the men that Mr. Samuels has signed up for the campaign:

Captain, Walter Wilkison; Team Workers: E. F. McClaren, Charles Jones, Francis Uhl, Ralph Brooks, Jack Etter, Alfred Owens, John P. Boyles, J. Nelson Parker, R. J. Nolte, Walter Kroen, Leo W. Campbell.

Captain, Jack Preston; Team Workers: J. Lee McFate, Ray Lutz, T. W. McCullough, Frank Burton, W. H. Young, Geo. Lamoree, DeLace Cole, Al W. Tindal.

Captain, Jack Waddington; Team Workers: W. E. Kirker, Lew Harlan, Wm. J. Connery, Frank Ziegler, H. M. Kirk, Jr., Anthony Marino, Dr. J. L. Reed, Jack Edgar, William Andrews and R. R. Smith.

Captain, Paul Arow; Workers: Leo Bernstein, Edwin Haynes, Charles Jones, Walter Patterson, Frank McLaughlin, David Lewis, Speer Marousis, Phil Colaluca and Charles Perry.

About the only way to avoid the accumulation of worthless junk and medicine bottles is to build a house without closets or shelves.

DANDRUFF
A Sure Way to End It

There is one sure way that has never failed to remove dandruff at once, and that is to dissolve it, then you destroy it entirely. To do this, just get about four ounces of plain, ordinary liquid arvon from any drug store (this is all you will need), apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

By morning, most if not all, of your dandruff will be gone, and two or three more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.

You will find, too, all itching and digging of the scalp will stop instantly and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better.

Evangelist Decries Birth Control Talk By Women Students

(International News Service)

DES MOINES, Iowa, April 6.—Aimee Semple McPherson, golden haired evangelist from Los Angeles, thinks the co-eds of the University of Iowa are going a bit too far when they undertake to discuss from a public forum the question of birth control.

The young ladies of the state university already have taken up the questions of petting, smoking, drinking and companionate marriage, birth control is the subject slated for the next open discussion.

"I am a firm believer in the wholesomeness of the present generation, and I think the girls of today are better off with their greater knowledge of life's problems than were their mothers," Mrs. McPherson declared, "but I think they will be going too far if they take up the question of birth control."

Mrs. McPherson, however, thinks the girls are doing a good thing when they take up the less intricate problems of marriage and courtship provided they do so for the sake of obtaining really helpful information.

"Too many mothers fail to instruct their daughters properly and turn them out in the world without proper knowledge," she continued. "The girl who ventures forth into the cities thus improperly prepared must learn through the often bitter way of experience or by what she can pick up. If she can obtain worthwhile information at such discussions as those held at Iowa City she is just so much better off."

Sharon Operators Win First Period

New Castle Division Is Close Competitor For First Honors

Car operators of the Sharon division, including the city lines and the interurban line between Sharon and Youngstown, won the first period of the accident prevention contest of the Penn-Ohio system. The contest started January 1 and continues throughout the year. The winning division for each three-month period is feted with dinner meetings. At the close of the year the division which has won the largest number of the quarterly contests will receive a permanent trophy.

The first quarter was a close race between the Sharon and New Castle divisions, with the Trumbull division in third place. Both the Sharon and New Castle had 11 accidents in the three months ending March 31, but the Sharon men operated a larger number of miles so that their record of miles operated per accident was better than that of New Castle and this was the determining factor.

During the contest the Sharon men operated a total of 396,482 miles, or an average of 36,044 miles per accident. At the same time the New Castle men operated a total of 371,336 miles, or an average of 33,758 miles per accident.

Borough To Vote On Bond Issue For Sewage Plant

New Wilmington Voters To Decide On Measure On May 15; Town News

(Special To The News)

NEW WILMINGTON, April 6.—According to the results of the recent council meeting, a special borough election will be held here Tuesday, May 15th, at which time the citizens of the town will vote on a bond issue for a new borough sewage disposal plant.

After inspection, State officials declared that a new plant must be put in here and the value of the bond issue with which to build the plant has been set at $12,000.

In connection with other local affairs the town council voted to extend and sewer Maple and Orchard streets. The electric committee was instructed to remove all poles not in use or in bad condition.

With the rapid approach of the Easter season, several of the New Wilmington young men and women who are attending school in the East returned to spend their Easter vacation here.

Robert Houston returned from Jefferson Medical school at Philadelphia. Charles Wallace returned from Pennsylvania Law school, at Philadelphia, and Miss Mareline McElwee is at home after studying at Temple University, Philadelphia.

Boosting the social life of New Wilmington, a group of the college town women recently formed a new club, The Current Events Club. At the first meeting of the new organization, the following officers were elected: Mrs. C. C. Adams, president; Mrs. J. E. Caughey, vice-president; Mrs. R. J. Love, secretary and Mrs. S. E. Calhoun, treasurer.

Meetings will be held the first and third Tuesdays of every month.

Memphis Flooded With Gangsters

(International News Service)

MEMPHIS, Tenn., April 6.—Deportation of visiting gangsters by police continues in Memphis with much vigor.

Several nothern gangsters, from St. Louis, Chicago, Detroit and New York have been taken into custody in the police clean-up drive here, taken to the state line and given an "official send-off.'

"They will not come back" once they go through one of our departing ceremonies," say police officials.

Memphis is flooded with visiting gangsters, say officials.

Chicago Claims Victory In Tilt With Dry Agents

Judge Wilkerson To Quash Writ Which Has Shielded Federal Dry Agent

COURT BAILIFF SHOOTING VICTIM

Mayor Thompson Says Senator Deneen Responsible For Recent Officials' Brush

(International News Service)

CHICAGO, April 6.—City and county authorities today were claiming victory in the brush with government officials over the custody of Myron Caffey, federal prohibition agent, who is accused of shooting William Beatly, municipal court bailiff, during one of George E. "Hard-Boiled" Golding's dry raids here recently.

Federal Judge James Wilkerson announced he would quash the writ which has shielded Caffey from arrest by local police. Judge Wilkerson mildly criticized the United States attorney's office for its conduct of the case and suggested that the county grand jury indict Caffey.

The order quashing the writ will be entered next Wednesday, Judge Wilkerson announced. That is the day after the primary election. Meanwhile Caffey will remain under bond given in a federal court.

Mayor William Hale Thompson, who charged that "Hard-Boiled" Golding and his raiders were sent here at the suggestion of United States Senator Charles S. Deneen, Thompson's bitter political rival in the current seething primary election campaign, declared "President Calvin Coolidge is with us—he does not want this meddling in Chicago's political affairs."

"The first night Deneen's federal Cossacks came to town," continued the mayor, "they loaded their sawed-off shotguns and started shooting up the city."

Reserve Officers Meet April 11th

Last Meeting This Spring Will Be Held At That Time In Elk's Club

Last meeting of the spring of the Shenango Valley chapter, Reserve Officers association of the United States will be held at the Elks club, this city, on Wednesday, April 11. Dinner will be served at 6:30 o'clock and will be followed by an interesting session.

At the session following the dinner, Major L. E. Burnside, engineer reserve, will give a talk on matters that will be of interest to every member of the Reserve Officers association.

This will probably be the last meeting until some time in the early fall, when the meetings will be resumed for the fall, winter and spring months.

HIGH LIGHTS OF HISTORY

By J. Carroll Mansfield

Buffalo Bill, Scout Of Scouts—Part XXXV
A Plot That Failed

TO SAVE THE MONEY INTRUSTED TO HIS CARE, BILL CODY RESORTED TO STRATEGY. PRETENDING TO HAVE BROKEN AN AXLE, HE STOPPED THE STAGE AND ASKED HIS TWO SUSPICIOUS-LOOKING PASSENGERS TO HELP HIM INSPECT THE DAMAGE. AS THE TWO MEN GOT OUT, HE COVERED THEM WITH HIS REVOLVERS.

DISARMING AND BINDING THEM, HE TOOK HIS PRISONERS TO THE NEXT STATION AND LEFT THEM UNDER GUARD OF THE AGENT. BILL BELIEVED THESE MEN HAD CONFEDERATES IN AMBUSH ALONG THE TRAIL, SO HE HID THE MONEY IN THE CUSHIONS OF THE COACH AND PUT THE EMPTY CHEST ON THE DRIVER'S SEAT.

SURE ENOUGH, BILL HAD NOT GONE FAR BEFORE HE WAS HELD UP BY A BAND OF OUTLAWS. WHEN THEY SEARCHED FOR THE MONEY AND FOUND THE EMPTY CHEST, THE YOUNG DRIVER EXPLAINED THAT TWO MEN HAD ROBBED THE COACH SEVERAL STATIONS BACK AND HAD HEADED FOR THE MOUNTAINS.

BILL'S STORY WAS BELIEVED. WITH FIERCE EXCLAMATIONS OF DISAPPOINTMENT AND RAGE, THE OUTLAWS IMMEDIATELY DASHED OFF TO OVERTAKE THEIR SUPPOSEDLY TREACHEROUS ACCOMPLICES WHO HAD "DOUBLE-CROSSED" THEM. WHILE BILL CODY KEPT ON HIS WAY AND DELIVERED THE MONEY WITH NO FURTHER TROUBLE.

TOMORROW—HOW BILL CODY BECAME "BUFFALO BILL".

Frankie May Suffer Same Fate As Other Favorites

Two Favorites Have Been Unseated At The Old Armory; Eddie Conrad To Take Up Jimmie Kirkpatrick's Quarrel With Johnny Hanlon; Elmo The Mighty Rarin' To Go Against Jack Fink, The Sphinx; Rini Battles McManos And "Lulu" Peret Battles Mickie George Tuesday Here

By ED. FRITZ.

Characterize a rising pugilist as a "favorite" and the next move is to grab a spade and prepare to lay him away in a pugilistic grave. At least this is apparently the order of things listic at the Old Armory where several "favorites" have been laid away as though in cold storage by "underdogs" of that bruising sport, the Art of Busting Noses. And inasmuch as Frankie Rio, labelled "favorite" is coming to town to strut his nicest Tuesday night bobs up the query: "Will Young Stewart of Akron roll him from his niche?"

Harken back a few months and recall that Jack Herman, a tough, rugged, two fisted Son of Biff and Bang was favorite to beat an obscure Red Jadabird. He failed and is now in cold storage.

Firpo Defeats Jadabird

Fans howled long and loud for Red's re-appearance and only a few nights ago the "favorite" stepped against another obscurite in Young Firpo and Jadabird has been retired to the refrigerator.

So, figuring these two cases as something to think about, is it possible that Young Stewart, the featherweight from Akron soon to send the Cleveland Ghost, Frankie Rio to the ice-box?

While trying to unravel this question it may not be improper to set the fans on edge for the semi-final which will be fought by Eddie Conrad and Johnny Hanlon, erstwhile Frankie Florenza.

Going After Hanlon

Not so long ago Eddie gave a masterly lesson to Jimmie Kirkpatrick on two occasions and later on Hanlon gave the Ellwood City lad a bad lacing at Youngstown.

As Conrad happened to be in the audience he did not like the manner in which Hanlon treated Kirkpatrick and on Tuesday night Mr. Hanlon may get a few bangs on the chin from Mr. Conrad.

"You will have to hit a little harder than you did Mr. Kirkpatrick" said the writer to Conrad, Tuesday to which the fleet-footed Cleveland boy replied:

Elmo In Condition

"Hanlon roughed Jimmie up and he is only a kid yet. He took advantage of every break, which no doubt he should have, but you watch me carve Johnny when I go to work."

In other words Eddie Conrad intends to knock out Hanlon if such is possible. He says that his right hand, broken in the first bout with Kirkpatrick has healed and he intends to let it fly.

With this double windup in store, Promoter Bill Jolly believes that Elmo Clark, known as "Elmo the Mighty" and Jack Fink, the "Silent One of Lakewood," will furnish action of the kind that fans like.

Rini Battles McManos

Elmo hasn't milled in several weeks but has told the matchmaker that he is "rarin' to go" and with his old rival, Jack Fink, facing him in the ring fans can be assured of action.

Johnny Rini, Cleveland, will battle Mickie McManos of Pittsburgh in another preliminary. This fight should have considerable class and punch. They can step and fight and that is fans delight.

Lulu Peret, the strong-muscled lad will take on Mickie George and as both hail from the South Side there'll be considerable rivalry when they clash.

Injury Jinx Hits Dartmouth Captain Of Football Team

(International News Service)

HANOVER, N. H., April 6.—The injury jinx that nearly always strikes down football captains has hit Dartmouth early. Usually the jinx does not arrive until the football season opens.

Dick Black, Illinois boy who will captain the Big Green on the gridiron next fell, is confined to the college infirmary as a result of an operation on his knee. There is a bad muscle sprain under the knee cap, with possible water of knee, and at the present time, it is doubtful if Black will compete for Dartmouth again in any sport.

Dick was forced to abandon football last fall, just at the time, when his smashing line thrusts were most needed by the Hawley coached eleven. This winter he had to forego hurdling with its many trips from Hanover to New York, Boston and Philadelphia.

Easter Greetings — By Feg Murray

Copyright, 1928, by Metropolitan Newspaper Service

What with Easter coming so soon, and the air full of talk of bunnies, rabbits, eggs and all that sort of thing, one's thoughts might easily wander to a goose, don't you think, especially if that goose were connected with our national pastime? So here is "Goose" Goslin of the Washington Senators, who really has nothing to do with Easter, except that he starts his eighth season with Washington on Easter Wednesday, with high hopes of busting that old rabbit ball, or egg, right on the nose as often as possible.

Leon Allen Goslin played a mere dozen or so games for the Senators in 1921, and since then he has been a consistent .300, or better, hitter. Last year he slipped a bit from his high mark of .354, made in 1926, and dropped to a figure 20 points lower, but showed his speed by stealing 13 more bases than he did the year before.

Our Easter Egg, Miss Eleanor Egg, of Paterson, N. J., is joint holder of the girls' 50-yard dash record of 6 2-5 seconds, made in her home town in December, 1924. In February, 1926, she set a new indoor record in the running high jump, clearing 4 feet, 10 3-8 inches.

"Bunny" Ryan and "Rabbit" Maranville are not so young or spry as Miss Egg, but are still able to do do their bit in an Easter tennis tournament or ball game. Miss Ryan has probably won more tennis prizes than any other woman player, while Mr. Maranville has gotten in and out of more scraps than any other ball player now in the majors. He bolstered up the morale of the Cardinals no end last fall, and should show many of the youngsters a few tricks before the summer comes around.

Feg Murray Says—

"Sixty-yard dash won by Simpson, Ohio State. Time .0 3-10 seconds, new Western Conference indoor record."—News item.

Outdoors, at that rate of speed, Simpson could win C. C. Pyle's 3,600-mile cross-country marathon in exactly 88 hours!

Hogan To Romp In Center Field

McCullough To Play Third Or Outfield Berth, Report Says

TEXTOR ANGLING FOR FRED BRATCHI

By ED. FRITZ

Kenny Hogan will take care of center field for the Centennials when George Textor pilots his aggregation into baseball this season according to information from Massillon today. Textor is to regulate the ways and whys for the ball players who will draw salaries from the New Castle ball club beginning late this month.

Hogan played center for the Agathons last season and according to fans around the O. & P. railto the Cleveland hawk is one of the most popular gardeners in the circuit.

New Castle can rejoice with Textor as almost every club in the Central League, another outfit, made tempting offers but Hogan decided to continue with Textor.

Kenny has been with the Massillon Agathons for two years and when he heard that Big George would manage New Castle he lost no time in singing along the dotted line.

So far Textor has two outfielders, Dick McKay, the House of David star who has promised to shave his whiskers before he reports and Hogan. Textor is angling for a right fielder, Sur Graham of Akron.

According to reports McKay should add a lot of hitting to the Centennials. He is a good defensive player, has an iron arm and is fast on the paths.

Another bright note that simmered through was that Sank McCullough will cover third base. Sankey can play in the infield or outfield but will probably be tried out at third.

Another chap that Big George is trying to have affix his signature to a contract is Fred Bratchi who has returned north from a training trip south with the Buffalo Internationals.

Players signed to date by Manager McKay; Infielders, McCullough, Tommy Hughes, Wallie Shannon and Textor follow; Outfielders, Hogan and pitcher, Jewie Coen.

Sportraits

Willie Meehan, the 'Frisco fat boy who used to delight in taking Jack Dempsey's measure in the ring, is now in grand opera. Not as a singer, oh, no—just a member of the stage crew.

Meehan fought a lot of first-rate heavies in his day and beat a few of them. Jack Dempsey was his meat. Willie claimed he could whip Jack any day in the week, and did so on two occasions.

Tendler Not To Fight Dundee On Scheduled Date

(International News Service)

PHILADELPHIA, April 6. — Lew Tendler, Philadelphia's veteran southpaw battler, will not fight Joe Dundee, world's welterweight champion in the ten round windup at the Arena here next Monday. Tendler asked Frank A. Winer, chairman of the State Athletics Commission Thursday for two weeks more time to get in shape for the bout.

His request was granted and the famous lefthander's farewell appearance will be postponed a fortnight. A substitute for Monday's windup has not yet been secured.

The University of Dublin has named John McCormack a doctor of music. There is no doubt that the patient is ill of something or other, but it remains to be proved that the new physician can cure it.

Giants And Cubs In Best Shape For 1928 Campaign Is Outlook

BY DAVIS J. WALSH
Sports Editor Internat'al News Service

NEW YORK, April 6.—If early speed could be made to mean anything more than it usually does, which is approximately nothing, the New York Giants and the Chicago Cubs would figure today to make a two-club matter of the National league event this season. This pair is running riot through its exhibition schedules and without question both of them are yards beyond the rest of the field in the matter of spring development.

That goes for both leagues, too, as the Yanks, Senators and Red Sox have fared poorly or not at all in their inter-league series; the Athletics and Browns have done nothing about which to ring the gong in the old town belfry and the Tigers, White Sox and Indians have been occupied largely with minor league outfits.

Compared with the Giants and Cubs, the champion Pirates and the ex-champion Cardinals have looked simply immense—like a flat foot in a florist's window. The Pirates, as a matter of fact, have furnished much of the sustenance for the Cubs' record of 14 victories in their first 16 exhibition games, the 1927 champions having been knocked off for five straight.

Cuyler Hitting.

This performance might come as slightly more acceptable to McCarthy if it happened in September instead of March, but it represents fairly enough the spring speed of the two contenders, at that. The answer is that "Kiki" Cuyler and Hack Wilson have gone on a hitting debauch and this, added to excellent pitching, has sent the Cubs careering along at a mad pace. If they really have infield weaknesses, these will become more apparent when Cuyler and Wilson decide to step back into character.

This, they must inevitably do, unless we have misjudged them these several years. Nobody, for example, could expect Cuyler to maintain his crazy pace of the first 14 games, during which he scored no less than 22 runs, got 26 hits for 51 total bases, socked seven home runs and batted .434. Meantime, Wilson was getting six homers in his first 12 games and batting .381. How could the Cubs go wrong with that kind of hitting behind steady and sometimes brilliant pitching? The fact is they couldn't and didn't.

The Giants' streak of 11 straight was brought up to date Wednesday with another victory over the Washington Senators. McGraw certainly has that ball club moving along and, if there is anything permanent about the recent hitting of men like O'Doul and Cohen, the outfit is made. However, I'll be polite and let some one else try to answer that one.

All I can venture is that the Giants turned loose two nine inning pitchers a few days ago in Benton and Henry, who allowed the Senators only three runs over 18 innings, which is pitching this time of the year; that the culb is hitting far over its collective head and that Roush is ready for the season's opening for the first time in years.

It would be strange if the Giants won after trading Hornsby for Luke McLuke and his brother, would it not? No, Gregory, it wouldn't be strange at all. It would be almost a miracle.

London Girl Swimmer Conquers Gibraltar

Miss Mercedes Gleitz, London Typist, Swims Strait Of Gibraltar

Has Honor Of Being First Swimmer To Cross 27-Mile Stretch

(International News Service)

CEUTA, Morocco, April 6.—Miss Mercedes Gleitz, London's typist-swimmer, today holds the distinction of being the first swimmer to successfully navigate the Strait of Gibraltar.

Undaunted by six previous failures, the girl swimmer entered the water at Tirifa, Spain, at 7:50 o'clock yesterday morning and reached the shore at Punta Leona, Spanish Morocca, at 9 o'clock last night. Aided by favorable currents and moderately tempered water, the girl crossed the 27-mile stretch of water in thirteen hours and twenty minutes.

Prior to her attempts to conquer the Gibraltar Strait, Miss Gletz had successfully negotiated the English Channel. She swam the channel on October 7, 1928, on her eighth attempt, and was the third woman to perform that feat.

ELLWOOD CITY, April 6.—Sentiment of council is against daylight saving this year, according to an informal vote taken at a session last night. The vote stood five in favor and six against.

Bills amounting to $14,792.74, which have been ordered paid by council, were found to be correct according to the auditor's report.

A petition was presented for the paving of Center avenue from 10th to 15th street. The matter was referred to the street commissioner and city manager.

Petition was presented to improve Bridge street from Orchard avenue to Borough Line. Bridge street extension is to be improved by the state. This will give an exit to the old Pittsburgh road. The petition was referred to the street commissioner and borough manager.

The Wurtemburg bus line, operated by G. H. Bauder and Sons, was granted permission to use the east side of Sixth street, south of Lawrence, by central school, for parking.

Plans of the Penrico Refining Company for a service station at the corner of Fifth street and Spring were presented and were referred to the street commissioner and borough manager. Upon their approval the company may go ahead with the station.

Mike O. Tousa made a suggestion for the paving of Lawrence avenue, up to Crescent, in order to relieve traffic on Fourth street.

Council authorized the purchase of a check protector for use on borough checks.

Under an ordinance passed by council on first reading last night the borough will levy a tax of 15 mills. This will make total taxes the same as last year. Four years ago a 19-mill tax was in force.

Report showed collections during the past month to have been $13,064.49.

An ordinance providing that anyone taking garbage to the municipal garbage plant for incineration pay a charge for burning was passed on first reading.

Council passed an ordinance changing salaries of employees, the new salaries to be as follows: electrician, $242.50 per month; assistant, $173.20; stenographer, $70.

Electricians' report shows meters in service March 31st as being 2,819.

There were no fire calls during the month, according to the chief's report. Number of arrests, 33; discharged, 12; fined, three. Total fines and forfeits, $480.11.

On motion council gave police committee and acting burgess a vote of confidence for the manner in which they handled recent police investigation.

Board of health's report showed seven cases of scarlet fever, six chickenpox and two diphtheria. The report was made by Louis Young, health officer.

It was reported that a one-man grader for use in grading and keeping dirt streets in order has proven satisfactory.

The sewage disposal plant is operating successfully, according to report.

It was decided that the borough co-operate with the National Tube Company and other industries in the preparation of an aerial map.

Kiwanians Talk Of Boy Problem

ELLWOOD CITY, April 6.—Weekly meeting of the Ellwood City Kiwanis club was held on Thursday evening at the Trinity Lutheran church, with a perfect attendance, making the 19th meeting of the club with 100 per cent attendance.

The scheduled speaker of the evening did not arrive, and the meeting as a result was turned over to Dr. H. E. Helling, who inaugurated a discussion of the matter of the underprivileged child. Two plans of handling the matter were discussed, but the club favored the Boy Scout idea after numerous speeches had been made by members.

It was also decided at the meeting that the members would help the Fresh Air camp this summer.

Mrs. McDonald Is Pleasing Hostess

ELLWOOD CITY, April 6.—Mrs. Clarence McDonald of Pittsburgh Circle delightfully entertained a number of friends at her home last evening. Bridge was the diversion of the evening and score favors were captured by Mrs. R. J. Wilson, Mrs. D. G. Williams and Mrs. William Robison.

At a late hour a delicious luncheon was served by the hostess, assisted by Mrs. William Robison. Easter flowers and decorations were used.

The guest list included the Mesdames P. P. Lytle, William Robison, S. H. Stillwagon, D. R. Williams, W. B. Kay, D. G. Williams and R. J. Wilson.

Two Are Killed By Auto Wrecks At Altoona, Pa.

(International News Service)

ALTOONA, Pa., April 6.—Two persons died here today as a result of automobile accidents.

Receiving a fractured skull when the auto in which he was riding skidded and struck a street car, Victor J. Seidel, 23, died in a hospital. Four other persons were injured slightly. The driver of the auto was ordered to report to the coroner.

James Klohe, 21, died from a fractured skull. He was struck by an auto driven by W. R. Wolf, whom police turned over to the coroner.

Grass Fires Keep Firemen On Jump

Firemen had a busy time of it in the last 24 hours answering alarms.

Fortunately the greater majority of the alarms were to fight grass fires in every section of the city.

The grass fires answered Thursday afternoon and evening were at Lee avenue and North street, Elder's field, Lorain avenue, Harbor street, Hillcrest and Delaware avenue. This morning they were again called on to answer an alarm for a grass fire at Boro Line street.

An alarm at 7:10 p. m. Thursday called the firemen to the rear of 516 Pearson street, where a truck of the Livingston Sweeper Company was set on fire from the backfire of the engine. There was no loss and the fire had been put out by the time the firemen arrived.

An alarm at noon today from box 62 called the firemen to fight a grass fire at Etna and Smithfield streets.

OUR FRIDAY ADVERTISEMENT

IS OMITTED ON ACCOUNT

OF GOOD FRIDAY

WHAT A GOOD FRIDAY FOR US

But he was wounded for our transgressions, he was bruised for our iniquities; the chastisement of our peace was upon him; and with his stripes we are healed. But God commendeth his love toward us, in that, while we were yet sinners, Christ died for us.—Bible. Five bleeding wounds he bears, received on Calvary; they pour effectual prayers they strongly plead for me: "Forgive him, O forgive," they cry, "Nor let that ransomed sinner die." See, from his head, his hands, his feet, sorrow and love flow mingled down, did e'er such love and sorrow meet, or thorns compose so rich a crown? Were the whole realm of nature mine that were a present far too small; love so amazing, so divine, demands my soul, my life, my all.—Hymns.

HAPPY EASTER

If in this life only we have hope in Christ, we are of all men most miserable. But now is Christ risen from the dead, and become the first—fruits of them that slept. Death is swallowed up in victory. O death, where is thy sting? O grave, where is thy victory. The sting of death is sin; but thanks be to God, which giveth us the victory through our Lord Jesus Christ.—Bible. "Up from the grave he arose, with a mighty triumph o'er his foes; He arose a victor from the dark domain, and he lives forever with his saints to reign; He arose! He arose! Hallelujah! Christ arose!"

American Society's Bible sold practically at cost; tracts free at "Castle-City" offices of

How To Achieve Beauty

By MME. HELEN E RUBINSTEIN
Noted Beauty Expert

CORRECTIVE RHYTHMICS

I have told you of the simple fundamental principles of rhythmics—told you of the beauty of co-ordination—of its importance in achieving a perfect body. And now I am going further into the subject and will tell you about the corrective power of these aesthetic exercises.

First, I want to try to explain the things that have happened to your body when you begin taking on weight—when, instead of a straight line, your diaphragm is unhappily conspicuous and your stomach shows an obtrusive visible roll of flabby flesh—do you know just exactly what has happened to your internal structure?

Let me tell you — the muscles of your body, which should be strong, firm and pliant, have stiffened and become lazy through disuse. If your muscles were behaving the way they ought to—fat could not accumulate. A healthy active body can burn up in vitality and energy as much as you put into it in food.

Dancers, while they are working regularly, eat prodigious amounts of food without losing their excessive leanness.

But just as soon as they stop exercising—then they take on weight. I have known a professional dancer to gain fifteen pounds on a two weeks' vacation — and diet right through the whole period of time!

In that particular case—her gloriously vigorous body was structurally sick because its required mead of physical activity was denied.

* * *

You cannot develop your body and then neglect it. It arbitrarily refuses to stand for such treatment. And it expresses that refusal in terms of excess poundage! For the laymen, muscular over-development is most unlikely. Under-development is the usual condition with which we have to deal. So decide, before you begin at all, to keep up your practice!

There are certain muscles which are more neglected than any others. One group is the shoulder muscles—another the waist and diaphragm—a third the hips—a fourth the upper arms—a fifth the legs and thighs. These are the danger areas — the areas which seem to be continually flirting with excess weight. While it is certainly true that fat accumulates most readily in these particular spots, it is equally true that just as soon as you begin to rouse those lazy muscles, improvement is usually rapid!

Before I go into the actual exercises, I want to warn you once more about the use of drugs for reducing. If your organic system is dependent upon drugs for loss of weight, the muscles of your body undergo a very harmful effect. The only real lasting way to beauty follows the health road. Don't ever lose track of that important fact.

And the Rhythmic Road to Health leads to the development of real physical beauty, bright eyes, healthy, clear complexions. That will be your great achievement.

Barricade To Remain Standing

Cannot Be Removed At First National Until About July 1

T. F. Moorehead today told councilmen that the Bolt Construction company will probably be in a position to remove the barricade at the First National Bank of Lawrence County, North Mercer and East Washington street about July 1.

Officials of the bank and the contractor were asked to visit council today and state their position in regard to the barricade.

Woods & Golder, contractors have a certain time limit to widen Mercer street, and it was believed that should the contractor return later it would involve extra expense for the city.

Councilman Reeves asked Mr. Moorehead if the bank would stand the extra expense. Moorehead replied negatively.

Realized Situation

He said the bank would put in their own concrete walks and curbing and he understood that Woods & Golder realized the situation when the contract from the city was granted them.

Moorehead was told of the contractor using the space behind the barricade as a "storage" and of having his car washed there. He said he would try to have these conditions alleviated.

The intersection also was termed as dangerous but the bank official said the material could not be put in the building any other way and he believed the barricade a safeguard against injury to pedestrains.

Finally the discussion was ended with the matter being placed up to Woods & Golder, who as contractors for the city has charge of the street.

Turbulent Stock Market At Rest Next Few Days

Stock Market Closes Thursday Afternoon For Short Easter Vacation

GENERAL MOTORS CAUSES BIG BOOM

By W. S. COUSINS
International News Service Financial Editor

NEW YORK, April 6.—When the closing gong of the New York Stock Exchange sounded at three o'clock on Thursday, it rang down the curtain on the end of the fifth week of the most spectacular and turbulent stock market known to this or any other generation.

For the most part, the violent uprising in stock prices, which added about three billion dollars to the valuation of the outstanding stocks of two hundred or more American corporations, was ushered in unceremoniously and unostentatiously, without the sounding of the toscin which usually heralds the approach of the bull cohorts.

As a matter of fact the bull movement of March 1928 was probably not born in Wall street, but in the counsel chambers of the officials of one of America's greatest industrial producers, the General Motors Copropation. These officials, knowing full well the effect of a large buying movement in the stock of their corporation, nevertheless determined to go out into the market to purchase a block of 200,000 shares of the common stock of General Motors, in order to round out their holdings for themselves and the thousands of employes of the company.

Buying of the stock began on March third, and the first day's activities boosted the stock 8 points to 143. It was not until after the whole 200,000 had been acquired that the public was acquainted with the details, and then the stock was selling around 165. Concluding, however, that the stock still offered unlimited possibilities for income and profit, American investors rushed into the market to buy at any reasonable price and General Motors soared to within a point of 200.

Iron Age Review Of Steel Trade

Large Volume Of Specifications Has Steadying Effect On Prices

The Iron Age in its weekly summary of the iron and steel trade says:

Heavy specifications against expiring steel contracts, a rate of production that is still on an ascending scale and a price situation that is holding its own, barring minor irregularities, mark the opening of the second quarter of the year. Blast furnace returns for March collected by The Iron Age show a net gain of 10 stacks, of which 9 were Steel Company furnaces. This reflects a sharp increase in steel works activity and lends support to the belief that ingot production for March exceeded the high record made in the same month last year. Merely assuming that the March rate was equal to that of February, output for the first quarter surpassed that of the same period last year by nearly 200,000 tons. Since the March rate actually gained, final returns for the quarter will show a total closely approaching, if not larger than, the record made in the first quarter of 1926. Steel production in April, it is conceded, may recede from the March rate, but there are no indications of as sharp a decline as occurred in April, 1927. Shipping orders placed in the last week of March were large enough to insure a sustained output until the middle of the month.

Unquestionably the large volume of specifications against contracts that expired March 31 has had a steadying effect on prices.

Buying at second quarter prices has not yet reached important proportions. But since shipments against first quarter contracts will continue through most of this month, consumers do not find it necessary to place much additional tonnage at this time. There continue to be price irregularities in wire nails and some finishes of sheets, but they are no more numerous, and possibly fewer, than a week ago. Meanwhile, mills are showing more of a disposition to ignore price concessions, some of which emanate from middlemen and are possibly of a transient character. At any rate, the week has been another postponement of serious tests of the price structure.

The only important new development in steel prices during the week was an advance in standard steel pipe. This took the form of a withdrawal of a preferential discount of 5 per cent which had been in effect since Oct. 1, 1927.

Among the leading consuming lines, the automobile industry, building construction and farm implement manufacturing continue to take steel at an undiminished rate. Reports indicate heavy sales by dealers in low priced automobiles, but a less promising movement of some of the medium and high priced cars. An expected increase in Ford production this quarter will, if it materializes, tend to counterbalance a possible decline in the output of other motor car builders. Automobile makers are still cautious in buying steel, committing themselves only for a few weeks ahead.

Structural lettings of 46,000 tons include 18,000 tons for a bridge across the Ohio River at Louisville.

The extent of the recent large buying of pig iron in the Central West is shown by the fact that second quarter sales at Chicago were larger than for any three month period in several years. At Cleveland the market has resumed its recent activity with sales of 65,000 tons in the week's. Details of pig iron output in March show a total of 3,199,674 tons, produced, or 103,215 tons per day, against 2,960,126 tons or 100,004 tons in February. The daily rate was the smallest for any March since 1922. Reflecting a larger use of scrap in steel making and a poorer showing by merchant furnaces, pig iron production in the first three months of 1928, at 8,969,561 tons, was the smallest for any first quarter since 1922.

FRAGRANT WHITE LILIES DECORATE EASTER TABLE

Those large, fragrant lilies, known as Easter lilies, have come to be associated with Christ and used as symbols of His rising. They may, therefore, appropriately be used in decorating a table for an Easter breakfast or luncheon. Do not use too many of the real flowers, as the odor may be a bit overpowering. In the picture paper flowers trim the candlesticks and sherbet cups, while the genuine posies are laid loosely on the cloth. Low, small flower holders, in which a single blossom and bit of green are placed, make lovely decorations for a table, with the candles in untrimmed crystal candlesticks. Arrange your decorations according to the shape of your table. On a square or oblong table they should be placed lengthwise or crosswise, not in circles or triangles. On a round table they should follow circular lines.

Roaming Round With Richards

Some News, Some Views, But Mostly Just Observations Of Interesting Things Around New Castle

The roaming today goes back eleven years to the same date in 1917. No need to remind you what happened, for April 6, 1917, will live in American history as long as July 4, 1776. It was the entrance of the United States into the World War.

The eleven years that have passed have been momentous ones. Somehow or other that date seems to have been the opening of another era for the country, a landmark on the pathway of time, especially for the men who went into service.

Recalling the days following this day, eleven years ago, seems akin to unwinding a film of some old picture. Picture again, if you can, some of the happenings.

Patriotism run rife. Liberty loan meetings. Red Cross meetings. Four minute speakers. Meatless and wheatless days. Win the War posters. Parades. Uniforms. Bands. News of the Western Front being read avidly. Young men escorted to the train on their way to camp. Pictures of cantonments coming back. Rumors of German spies. The first 100,000 into France. Chateau Thierry. The duckboards at Brest. Everybody whistling "Over There." Munitions factories working overtime. Men home on furlough. These and a thousand other reminders all come back as one glances at the calendar today, and involuntarily he turns to that other red letter day, of ten years ago, November 11th, 1918.

The lads who went out eleven years ago and who came back, are not so youthful as they were then. Many of them are married and have families. Hair that was once dark brown and bushy, is now thin and streaked with gray. Waistlines have increased and that uniform that once fit so snugly, is now many sizes too small. And the chap who took two blankets and a pup tent and slept out in the mud and mire, with no disastrous results, now gets scolded by friend wife if he goes out on a showery day without his rubbers.

Fifty years of service in any line is an unusual thing. Commerce or Industry or transportation, it is an outstanding achievement, but when one completes fifty years of service in the alleviation of pain and suffering it does seem as though the record shines out with just a little more brilliancy Two New Castle physicians will celebrate their half century anniversary during the coming week, Dr. Robert A. Wallace and Dr. R. G. Harris. Theirs has been a service to suffering humanity, a service not always paid for in money, but a service that has endeared them to the hearts of their fellow townsmen. And I'm just hazarding a guess when I say that if these two gentlemen had their lives to live over again, they would probably do the same thing over again, study medicine.

Mr. and Mrs. Thomas Francis left Thursday evening, for New York City from where they will sail for England and Wales. It has been twenty-six years since Mr. Francis was back in the old land, and his delight at starting back on a trip was as keen as though forty years were rolled off his age. They expect to stay all summer.
